VOTES OF MONEY REFERRED TO THE FINANCE COMMITTEE.—Read the following Minutes by His Excellency the Officer Administering the Government:—

(1.)

W. H. MARSH.

C.S.O.
1716 of 1886.

The Officer Administering the Government recommends the Council to vote the sum of \$300 for the erection of a detached Telegraph line to connect the Observatory with the Time-ball Tower.

The Director of the Observatory having represented that the present line, which is affixed to the same posts which carry other lines for Police Telegraph, is sometimes defective for the purpose of dropping the Time-ball, a new line well insulated and supported on separate poles is now proposed.

Government House, Hongkong, 7th January, 1887.

(2.)

W. H. MARSH.

C.O.D.
66 of 1886.

The Officer Administering the Government lays before the Council an application for increase of salary by the Inspector of Schools, who has represented that, as shown by the published Annual Reports on Education, his duties have been doubled since 1878, when he joined the service; whilst his emoluments are smaller than those of the Second Master of the Central School, and are not larger than those of the Third Master.

The Secretary of State to whom this application has been referred, recognizing that the work of the Inspector of Schools has considerably increased, is prepared to approve an increase not exceeding \$600 a year to the salary of his appointment, and the Officer Administering the Government requests the Council to vote this amount for 1887.

Government House, Hongkong, 7th January, 1887.

The Acting Colonial Secretary moved that these votes be referred to the Finance Committee.

The Acting Attorney General seconded.

QUESTION.—Mr. CHATER, pursuant to notice, asked:—

Whether His Excellency the Officer Administering the Government of Hongkong has received any instructions from the Secretary of State for the Colonies with regard to a Conference to be held in London in April next to discuss the defences of the Empire and an Imperial system of telegraph extension.

If so, what are those instructions, and what action does His Excellency propose to take?

If not, are not these two subjects of sufficient importance to warrant His Excellency in telegraphing to the Home Government to ascertain if any such instructions are on the way or in contemplation?

The Officer Administering the Government replied, and laid on the table the following paper:—

Correspondence respecting the nomination of a representative to take part in a Conference to be held in London for the purpose of discussing certain questions of common interest to all parts of the Empire, (No. $\frac{3}{87}$).
