Mr Damian CHAN
Assistant Secretary for Security(B2)

Clerk in Attendance : Miss Flora TAI
Chief Assistant Secretary (2)2

Staff in Attendance : Miss Connie FUNG
Assistant Legal Adviser 3

Mr Stanley MA
Senior Assistant Secretary (2)6

I. Confirmation of minutes
[LC Paper No. CB(2)2748/01-02]

The minutes of the meeting held on 15 July 2002 were confirmed.

II. Meeting with the Administration

2. The Bills Committee deliberated on the Administration's response to issues raised at the last meeting [paragraphs 1 to 20 of LC Paper No. CB(2)22/02-03(01)] (Index of proceedings attached at **Annex**).

3. Ms Miriam LAU expressed concerns about enforcement against improper conveyance/stowage of motor vehicles and spare parts of motor vehicles in freight containers. She pointed out that it would be difficult for drivers in the transport trade to ascertain whether the motor vehicles and spare parts in a particular container were free of fuel stains. Noting that a container which was well ventilated or open at the top would not be caught by the offence provisions, Ms LAU suggested that the Administration should consider imposing a mandatory requirement for using open containers to convey/stow used motor vehicles and spare parts.

4. The Chairman and Mr James TO expressed reservations about Ms Miriam LAU's suggestion. They were of the view that a minimalist approach should be adopted as far as legislation was concerned. They considered that the suggestion might not be the best option for the trade and flexibility should be allowed for operators in conveyance/stowage of used motor vehicles and

spare parts. The Administration gave a similar view. The Chairman suggested that the Bills Committee should consider the views of organisations concerned before further considering the issue.

5. Some members were concerned about the time taken for a magistrate to hear an application lodged by a bona fide purchaser, mortgagee or chargee for a rescission of a closure order, or by a mortgagee/chargee who would be entitled or permitted to occupy or possess the premises concerned or would be the immediate landlord of the occupier of the premises for a conditional suspension order. They considered that the operational experience under other ordinances which provided for a similar mechanism might provide a useful reference.

6. Ms Cyd HO expressed concern about the situation of innocent persons residing in premises in respect of which a closure order was made. She considered that these persons should be allowed to continue habitation on the premises. She pointed out that in the course of scrutinizing the Public Health and Municipal Services (Amendment) Bill 2001, the Administration had adopted the views of members and proposed Committee Stage amendments to let innocent residents continue habitation in food premises in respect of which a closure order was made. In response, the Administration explained the proposed mechanism for a bona fide purchaser, mortgagee or chargee to seek relief from a closure order.

7. Some members questioned the need to empower Fire Services Department (FSD) officers to demand instant production of a person's proof of identity in taking enforcement action against offences that created potential fire hazards. They considered the existing practice of requesting the assistance of the Police for identification of a responsible person sufficient and reasonable. The Administration explained that FSD officers were currently empowered to require a person to give his correct personal particulars for the purpose of issuing a Fire Hazard Abatement Notice provided that a notice in writing had been served upon such person for at least 24 hours. This provision had proved to be ineffective, as the person suspected to be responsible could ignore an officer's request for personal particulars and simply walk away. With a statutory authority to obtain personal particulars, the person who failed to comply with such requirement without reasonable excuse might be held liable for an offence under the proposed new section 21 of the draft Fire Services (Fire Hazard Abatement) Regulation.

8. The Bills Committee requested the Administration to provide/consider the following -

- (a) statistics on the time lapse between the lodging and the hearing of an application for rescission of a closure order under relevant

sections of the Crimes Ordinance and the Dangerous Drugs Ordinance;

- (b) making reference to the provisions in the Public Health and Municipal Services (Amendment) Ordinance 2002 relating to habitation of innocent residents on premises in respect of which a closure order was made; and
- (c) the draft Fire Service (Fire Hazard Abatement) Regulation should specify the rank of the FSD officers who would be authorized to obtain personal particulars and the requirement that they should wear uniform whilst on duty.

III. Date of next meeting

9. Members agreed to hold the next meeting on Tuesday, 12 November 2002 at 9:00 am to meet organisations concerned and other deputations and continue discussion of the Administration's responses to members' concerns. Members also agreed to invite public views on the Bill by placing a notice onto the Council's website.

10. There being no other business, the meeting ended at 12:30 pm.
