  - (B) **Home Starter Loan Scheme**
    - Since the commencement of the Scheme in April 1998, **\$10.2 billion** has been drawn down by the Housing Society. Another **\$3.5 billion** is expected to be drawn down in **2001-02**.

(C) **Rental subsidy for the elderly**

- We are exploring the feasibility of **providing rental subsidies in lieu of public rental housing** to eligible elderly applicants on the Waiting List when their turn comes.
- Rental subsidies can provide an **additional choice** to **eligible elderly applicants** who prefer to live in districts where public rental housing flats are not available or in districts of their own choice.
- Details of a **pilot scheme** are being developed. We will discuss proposals with the **Legislative Council Panel on Housing** when ready.
