

**For discussion  
On 15 December 2000**

**ITEM FOR FINANCE COMMITTEE**

**HEAD 92 – DEPARTMENT OF JUSTICE**

**Subhead 243 Hire of legal services and related professional fees**

Members are invited to approve supplementary provision of \$35 million.

**PROBLEM**

The approved provision of \$169,107,000 under Head 92 Department of Justice Subhead 243 Hire of legal services and related professional fees is insufficient to meet anticipated expenditure on fees for legal and other professionals for the remainder of the financial year.

**PROPOSAL**

2. We propose supplementary provision of \$35 million under this Subhead.

**JUSTIFICATION**

3. We have reviewed the financial position of Subhead 243 Hire of legal services and related professional fees. In the light of expenditure to date and commitments for the remainder of the financial year, we estimate that expenditure under this Subhead for the whole of the financial year will exceed the approved provision of \$169,107,000 by \$35 million, calculated as follows-

		<b>\$M</b>
	(a) Actual expenditure up to 31 October 2000	93.1
	(b) Commitment as at 31 October 2000	74.9
<u>Add</u>	(c) Estimated additional expenditure from 1 November 2000 to 31 March 2001	36.0 ——
	(d) Estimated expenditure for 2000-01 [(a)+(b)+(c)]	204.0
<u>Less</u>	(e) Approved provision for 2000-01	169.1 ——
	(f) Additional requirement [(d)-(e)]	<u>34.9</u>
		<b>say 35 M</b> =====

4. The estimated additional requirement of \$35 million is mainly due to additional/unforeseen/slippage of requirements on hire of legal services in respect of civil cases. For Members' reference, we list out at the Enclosure brief description of major civil cases (those with estimated expenditure not less than \$1 million). Members are invited to note the following items of additional/unforeseen/slippage of expenditure incurred/to be incurred in the current financial year -

- (a) **Campenon Bernard/Maeda Corporation J.V. v The Government of the Hong Kong Special Administrative Region:** it is necessary to increase the estimated expenditure by \$16.4 million mainly because of additional work required to respond to the actions of the opposite party, in particular their substantial revision of their case, the introduction of additional evidence, and generation of a large volume of daily correspondence;
- (b) **The Secretary for Justice v The HK & Yaumati Ferry Co Ltd & Another:** it is necessary to increase the estimated expenditure by \$4.1 million mainly because of extensive work generated by the opposite party's various interlocutory applications;
- (c) **The Government of the HKSAR v Hyder Consulting Ltd:** it is necessary to increase the estimated expenditure by \$4.3 million mainly because of additional work arising from extension of hearing from two weeks to four and a half weeks, including issues on discovery and other technical points;
- (d) **The Cyberport Project:** \$4 million has been carried over from the last financial year, as time is needed to clarify and verify the bills;
- (e) **Kowloon Canton Railway Corporation v Director of Environmental Protection (Sheung Shui – Lok Ma Chau spur line case):** the estimated expenditure of \$2 million is unforeseen during the preparation of the 2000-01 draft Estimates;
- (f) estimated expenditure of \$5.5 million in respect of Right of Abode Cases (including items (9) & (10) in the Enclosure) was unforeseen during the preparation of the 2000-01 draft Estimates; and
- (g) estimated expenditure of \$1.7 million in respect of the legal proceedings on land resumption for the West Rail project was unforeseen during the preparation of the 2000-01 draft Estimates.

## **FINANCIAL IMPLICATIONS**

5. If Members approve the proposal, we shall offset the supplementary provision of \$35 million by deleting an equivalent amount under Head 106 Miscellaneous Services Subhead 251 Additional commitments.

## **BACKGROUND INFORMATION**

6. Provision under Head 92 Department of Justice Subhead 243 Hire of legal services and related professional fees is to cover expenditure on –

- (a) engaging lawyers (local or overseas) to advise or act for the Government of the Hong Kong Special Administrative Region in any matter or proceeding whether criminal or civil (including arbitration) or to appear in such connection in any Hong Kong Court, Commission of Inquiry, Tribunal or Board;
- (b) engaging lawyers for overseas work;
- (c) engaging expert witnesses and consultants;
- (d) engaging accountants and arbitrators; and
- (e) engaging other services directly related to legal matters or proceedings.

7. Out of the estimated expenditure of \$204 million for the Subhead, \$58 million is for the Prosecutions Division, which is at a similar level as in previous years, while the bulk of the remaining sum is for the Civil Division.

8. Briefing out is mainly to meet operational needs. In general, the Department of Justice may resort to briefing out when –

- (a) there is a need for expert assistance where the requisite skill is not available in the department;
- (b) there is no suitable in-house counsel to appear for the Government;
- (c) there is a need for advice or proceeding involving members of the department who are in conflict or dispute with the Government;

- (d) there is a need for continuity and economy; and
- (e) the size, complexity, quantum and length of a case so dictate.

9. The work of the Department of Justice is demand led. The Department has to be able to provide or procure the necessary services efficiently and effectively to meet the demands placed upon it. These demands vary from day to day both in quantitative and qualitative terms. Therefore, estimating the briefing out costs required for a particular financial year cannot be an exact science.
