Dear Mrs Lam,

LegCo Panel on Commerce and Industry

Follow-up to meeting on 26 June 2001

Thank you for your letter of 27 June 2001.

— As requested, I enclose, in English and Chinese, the number of infringing copies seized by Customs which were produced by compact disc writers. Please note that C&ED can only provide the figures for 2001 because they have started to maintain separate statistics on seizures of discs from production lines and those from compact disc writers since January this year.

Yours sincerely,

(Philip Chan)
for Secretary for Commerce and Industry
