Dear Polly,

**Re: LegCo Panel On Information Technology and Broadcasting**

Thank you for talking to me on the phone.

We have reviewed the Draft Competition Investigation Procedures and Guidelines and Draft Generic Codes of Practice for Television and Draft Radio Codes of Practice.

The drafts provide considerable detail on how the Broadcasting Authority will implement the provisions for the new Broadcasting Ordinance.

Cont/d Pg 2

Pg2

As a new entrant to the Hong Kong broadcasting market, the competition provisions and Generic Codes of Practice in the legislation are especially important in ensuring our ability to compete equally with other licensees and clear about the Now Codes of Practice. We find the detail in the drafts both useful and reassuring.

We have no specific views on the drafts at the time being. If we have further comments, we shall submit to the Broadcasting Authority at allater deadline.

Thank you for your attention.

Yours sincerely
