

**Number of directorate posts
in the relevant departments before and after
the dissolution of the two Provisional Municipal Councils**

A total of **39** directorate posts (36 permanent and 3 supernumerary) were created in the relevant departments as a result of the municipal services re-organisation exercise. Compared with the position before the re-organisation at **41**, there was an immediate reduction of 2 posts. However, three posts were only created on a supernumerary basis and are due to lapse. Taking this into account, the net reduction is 5 posts. Extract of the relevant ESC paper is attached.
