Dear Sir

Public Works Sub Committee (PWSC) Paper No. (2001-02)66

When discussing the proposed supplementary provisions of \$55.6M and \$15.3M for RPW and UMW projects at the PWSC meeting on 31.10.2001, you enquired (a) the number of approved projects which would require additional funding so that works could be accelerated in the year of 2001-02; and (b) the number of new projects to be approved which would require additional funding in the year of 2001-02. The information is as follows -

(a)	No. of approved UMW projects to be accelerated:	0
	No. of new UMW projects to be approved:	42
(b)	No. of approved RPW projects to be accelerated:	53
	No. of new RPW projects to be approved:	36

Should you need further information on the subject, please do not hesitate to contact me.
