

## **NOTE FOR PUBLIC WORKS SUBCOMMITTEE OF FINANCE COMMITTEE**

### **Supplementary Information on 47TR – East Rail Extension – essential public infrastructure works for Ma On Shan to Tai Wai Rail Link – public transport interchanges at Tai Wai Station and Wu Kai Station**

#### **INTRODUCTION**

In considering PWSC (2002-03)18 on the above subject on 8 May 2002, Members requested the Administration to provide the tender specifications of the Closed Circuit Television system (CCTV) for their information.

#### **THE ADMINISTRATION'S RESPONSE**

2. A copy of the user requirement brief in respect of the CCTV system for the public transport interchanges at Tai Wai Station and Wu Kai Sha Station is attached.

---

Environment, Transport and Works Bureau  
July 2002

## **User Requirement Brief – Closed Circuit Television (CCTV) System for Public Transport Interchanges (PTIs) of Ma On Shan (MOS) Rail**

1. CCTV cameras shall be installed at Tai Wai and Wu Kai Sha PTIs of MOS Rail for traffic monitoring and incident management purposes. These CCTV images shall be monitored at Emergency Transport Coordinating Centres (ETCC) at Transport Department Headquarters and Mong Kok Government Office.
2. The system shall form an integral part of the PTIs CCTV system.
3. These CCTV cameras shall be suitable for outdoor use and shall have full pan, tilt and zoom function.
4. For the sake of privacy, the zooming power of these CCTV camera shall be limited to give an overall view of traffic conditions within the PTI for the purpose of traffic management and incident management and shall not give a clear portrait of individual persons.
5. One leased videolink shall be installed at each PTI for transmission of CCTV images to the central CCTV system. The CCTV pictures at each of the PTIs can be selected for display on both ETCC in the following ways –
  - (a) automatic sequential display of all/some selected CCTV pictures;
  - (b) display of up to 4 CCTV pictures on split screen; or
  - (c) display of one selected CCTV picture.
