Under the Paris Convention for the Protection of Industrial Property ("Paris Convention"), HKSAR is obliged to grant to a person who has filed an application for registration of a patent, industrial design or trade mark in a Paris Convention country a right of priority during a prescribed period for the purpose of filing the same application in HKSAR. A similar requirement is also provided by the Agreement on Trade-Related Aspects of Intellectual Property Rights ("TRIPS Agreement") under the WTO whereby the same treatment shall be given in respect of an application filed in a World Trade Organisation ("WTO") member country, territory or area.

WTO member country, territory or area will enjoy a right of priority. Pursuant to the TRIPS Agreement, the same level of intellectual property protection for layout-designs (topographies) is also granted to citizens of other WTO member countries, territories or areas as to citizens of HKSAR in the Layout-design (Topography) of Integrated Circuits Ordinance (Cap. 445).

3. L.N. 65, 66 and 68 are made to update the lists of countries which have acceded to the Paris Convention and countries, territories and areas which have acceded to the WTO.
