

ADPR 1/PO/2001-02

13 December 2001

The Hon. Mrs. Rita FAN, GBS, JP
President
Legislative Council
Room 109, Legislative Council Building
8 Jackson Road
Central, Hong Kong

Thanks to the connective support from the Government and the community, the Tung Wah Group of Hospitals has been offering a wide spectrum of the much-needed medical, education and community services to the public over the past century. While we have stepped into the 131st anniversary with a network of 183 centres in Hong Kong, we still strive to serve the community better.

We have always treasured the opportunity of communicating with and understanding the various sectors of the society, and hence I am writing to invite your honourable Members, who are the leaders in their fields, to visit Tung Wah headquarters and our service centres some time in January or February 2002. I am sure that my fellow Directors and staff will surely benefit a lot.

I am pleased to enclose a copy of our Corporate Brochure and the October issue of Tung Wah News for your kind reference. We look forward to your favourable reply. If agreeable to you, please arrange your secretariat to contact Ms. Stella SEE, our Administration Secretary at 2859 7852 direct.

I wish you a Merry Christmas and a Happy New Year.

Stephen CHOW
Chairman
Board of Directors
