(Attn.: Mrs Queenie Yu)

Dear Mrs Yu,

**Panel on Planning, Lands and Works**

**Issues raised at LegCo Members' meeting with  
Kowloon City District Council Members on 12 December 2002**

Thank you for your letter of 19 February 2003.

In a reply to a LegCo question on 4 December 2002, the Administration had indicated that as in the case of other business operations, the decision on where vehicle repair operations should be located should best be left to individual operators who will take into account market demand.

Yours faithfully,

(LAM Wing-yuen)  
for Secretary for Housing, Planning and Lands
