Subject: Article 23 violates basic human rights

Dear Sir,

RE: ARTICLE 23

I'm most concerned about the contents of your Govt. Article 23 which I sincerely hope you will act in your capacity to solemnly object to the stipulation of this Article.

I hope your righteous thoughts will consider for the well being of your Hong Kong people at large. Whatever law once enacted will apply to your citizens including yourself. The contents are against basic human rights and restrict every Hong Kong citizen's life and their freedom of speech which contradicts your 'One country two systems'.

Regards - yujieo
