Subject: Please stop the anti-subversion law

Dear Sir/Madam,

I am deeply concerned that the proposals in the recent Hong Kong government's consultation document entitled "Proposals to Implement Article 23 of the Basic Law" will lead to the deterioration of human rights and the rule of law in Hong Kong. Furthermore, it would have a huge negative impact on the country's economy, since funds and businesses will relocate to more favorable locations.

Passing Article 23 would enable the cruel Chinese Communist regime to extend its death grip on Hong Kong and its innocent citizens. The cruelty perpetrated on citizens in Mainland China will all too soon have to be borne by the people of Hong Kong too. I hope that this does not happen.

I would like to ask you to consider the future of Hong Kong, please stop the implementation of Article 23.

Thank you,
Suman Srinivasan
