Dear Ms. Ip,

RE: BASIC LAW (NATIONAL SECURITY) ARTICLE 23 LEGISLATION

I submit you my personal thinking and opinion:-

THE CONSIDERATION FOR THE TITLE AND RIGHTS, FOR THOSE PERSON AND OR PARTY ENCUMBRANCE SUBMISSION OF OPINIONS, ARGUMENTS, AND GIVE OPEN MEDIA AND THEY ARE WITH THE FOREIGN NATIONALITY AND OR FOREIGN NATION PASSPORT HOLDER.

Those foreign nationality and or foreign passport holder have no right for the submission of opinions, arguments, and give open media to the matter. They should respect to their own nation and or passport nation held, and it is the conflict of interests and further there might have exist law on their own nation against them that if without their related Government's authorization is no right to distribute, interference to other nation's affair and it might an unlawful act. In even that they have such authorization than it is Diploma matter and they should forward to Foreign Affair Department in Beijing and not to your department.

It is balance that those party have committed offence under Article 23 and their simple defence they are other nation and they denied have committed offence under Article 23, perhaps other offence.

In event that my point submit here have the ground, than those part of foreign nationality or person held foreign passport their submission opinions and arguments and open to media is constructing an Instrument which have induced and caused the Society vibration and disturbance and yet not or will not cost and cause them anything and such is unfair to all citizen concern.

My education and understanding have the limitation perhaps there are more experts and experience in law for the members in Legco , Law Society, and Bar Association, therefore copy of this letter have forward to them for the clarification of the rights and ground of my this submission.

Best regards

Sincerely yours,

Philip Yung Tak-Lam
