Dear Mr Li,

**Resumption of Importation of Mainland Live Chickens ~  
Review of Phase II Pilot Arrangement**

We have reviewed the results of the second phase (April 25 to 29) of the pilot arrangement for the resumption of importation of Mainland live chickens.

Given the satisfactory laboratory testing results following the second phase of the pilot arrangement, we consider that the daily quantities of imported live chickens from the Mainland could be further increased to between 18,000 and 20,000 on April 30 for another five days.

**2136 3317**  
+ 852 2136 3281

We will further review the situation in early May. Subject to continuous satisfactory results obtained from the tests conducted on the imported chickens, the daily import quantities could be further increased to between 28,000 and 30,000 in the next phase of the pilot scheme.

Yours sincerely,
