discussion**

**housing and affected by works projects for public  
rental housing**

Duty Roster Members (DRMs) handled a complaint case about eligibility criteria required of residents of the Shek Lei (II) Interim Housing Estate when applying for public rental housing. The deputation requested that interim housing residents be waived of the eligibility criteria on income and assets limits for PRH, and for acceleration of allocation of PRH. Hon Albert HO, Panel Chairman, one of the DRMs, instructed that the subject be put on the Panel's list of outstanding items for discussion.

To be confirmed

Tai Po District Council (TPDC) members also raised at their meeting with LegCo Members on 4 March 2004 concerns about the rehousing eligibility of residents affected by the project at Ma Wat River. According to TPDC members, affected residents were dissatisfied that, while their homes would be demolished by the Government because of the project, they would be subject to the income and asset limits for rehousing to PRH flats.

**6. Disposal of overhung Home Ownership Scheme  
(HOS) flats**

The subject was proposed by members at the regular meeting of the Panel on 2 February 2004. Subsequently, two joint meetings with the Panel on Planning, Lands and Works were held on 17 February and 8 March 2004 to discuss the disposal of surplus HOS and Private Sector Participation Scheme (PSPS) flats in the wake of the agreement reached by the Administration with the developer of the Hunghom Peninsula PSPS project over the disposal of the flats concerned.
