

**Bills Committee on Construction Industry Council (No. 2) Bill**

**List of follow-up actions arising from discussion  
at the meeting on 31 March 2005**

The Administration is requested to -

- (a) review the proposed Committee Stage Amendments to clause 5. Members expressed the following views -
  - (i) paragraph (b) should be retained;
  - (ii) the proposed addition of “subcontracting management” in paragraph (h) could not adequately address the concern about multi-layer subcontracting; and
  - (iii) consideration should be given to expressly include in the clause issues about problem of wage arrears, dubious self-employed status and labour dispute resolution;
- (b) provide the latest quarterly highlight issued by the Provisional Construction Industry Co-ordination Board (PCICB) to industry stakeholders;
- (c) provide the half-yearly progress report on the work of PCICB by end of April 2005; and
- (d) provide financial information of the Construction Industry Training Authority including its sources of funding, projected annual income and expenditure, as well as measures being contemplated by the Administration to cope with a forecasted reduction of construction levies and student intake.
