3. The Bills Committee deliberated (index of proceedings attached at **Annex**).

Issues raised by members

Management of clinical waste

4. To facilitate members' understanding of the various aspects of Clinical Waste Control Scheme, the Administration was requested to provide –

- (a) the Report on “Review on Alternative Technologies for the Treatment of Clinical Waste” prepared by the Environmental Protection Department in December 2000;
- (b) a paper on the clinical waste management, including the following information –
 - (i) a flow chart showing the duties and work processes of the various parties in the clinical waste management chain in the storage, collection, transportation and disposal of clinical waste;
 - (ii) the sanctions to be imposed on clinical waste producers and clinical waste collectors for non-compliance with the statutory requirements;
 - (iii) the timetable for recovering in full the operation cost for treating clinical waste at the Tsing Yi Clinical Waste Treatment Centre (CWTC); and
 - (iv) the reasons for excluding dead animals or animal tissues, organs and body parts arising from veterinary sources or Chinese medicine practices from the definition of “clinical waste”.

Dioxin emissions

5. To address members' concern about the health impact of dioxin emissions from co-incineration of chemical and clinical wastes in CWTC, the Administration was requested to provide a paper on the subject, including the following information –

- (a) the dioxin emission control and monitoring mechanism of CWTC;
- (b) the latest data on dioxin emissions at CWTC, including the findings of the study on dioxin emissions conducted independently by a professor of the Baptist University;
- (c) the tolerable daily intake (TDI) of dioxin recommended by the World Health Organization for humans, and the formula for calculating the TDI;
- (d) the cumulative impact of dioxin emissions on human health, in particular pregnant women and children, and the findings of a relevant study undertaken by The University of Hong Kong and The Chinese University of Hong Kong in 2003;
- (e) the percentage of people who had developed cancer in Kwai Tsing District vis-à-vis those in other districts in Hong Kong in the past 10 years; and
- (f) the outcome of the discussion with the Kwai Tsing District Council at the meeting to be held in mid July.

(Post-meeting note: The Administration's responses were issued vide LC Paper Nos. CB(2)2346/04-05(01) and (02) on 20 July 2005.)

Research study

6. The Bills Committee requested the Research and Library Services Division of the Secretariat to provide information on the latest technologies for treatment of clinical waste in overseas countries.

(Post-meeting note: The Fact Sheet prepared by the Research and Library Services Division on "Recent Developments in Clinical Waste Treatment Technologies" (FS20/04-05) was issued vide LC Paper No. CB(2)2367/04-05 on 25 July 2005.)

Consultation on the Bill

7. As the Bill sought to extend the application of the Waste Disposal Ordinance to clinical waste, strengthen the control of the disposal of imported waste, and give effect to the international ban on the export of hazardous waste from some developed countries, the Bills Committee agreed that relevant trades should be invited to give views on the different aspects of the Bill.

8. Members agreed that the Secretariat would post an invitation for submissions on the LegCo website and issue invitation letters to –

- (a) the 19 organisations invited to give views on the proposed Waste Disposal Control Scheme by the Panel on Environmental Affairs and the Panel on Health in 2002 (the list was tabled at the meeting and issued vide LC Paper No. CB(2)2260/04-05(01) on 13 July 2005);
- (b) the 10 major stakeholders consulted by the Administration on the Bill (the list was tabled at the meeting and issued vide LC Paper No. CB(2)2260/04-05(02) on 13 July 2005); and
- (c) healthcare professional bodies, medical laboratory associations, dental school, Chinese medicine and medical practitioners associations, waste management associations and other relevant organisations as suggested by members.

9. The Secretariat would circulate for members' information a list of organisations invited by the Bill Committee to give views on the Bill. Members who wished to suggest any organisations to be invited would be requested to provide the relevant details to the Clerk.

(Post-meeting note : On paragraph 8(c), the Administration provided a list of the relevant organisations to the Secretariat for reference after the meeting. The circular referred to in paragraph 9 above was issued to members vide LC Paper No CB(2)2261/04-05 on 13 July 2005.)

III. Date of next meeting

10. The Bills Committee agreed that –

- (a) the second meeting would be held on 26 July 2005 from 9:00 am to 12:30 pm to receive public views on the Bill; and
- (b) the third meeting would be held at the end of September 2005, the date of which would be decided at the next meeting.

11. The meeting ended at 10:42 am.
