Programme: 2101 – Chief Executive's Office

Controlling Officer: Private Secretary to Chief Executive

Director of Bureau: Director of the Chief Executive's Office

Question:

The Administration was requested to confirm whether there was a policy regarding the official residence for the Chief Executive. If the answer was in the affirmative, the Administration should explain the policy and confirm who/which was the authority to decide the official residence for the Chief Executive.

Asked by: Hon. Margaret NG

Reply:

The Administration has the responsibility to make the necessary preparation for the new Chief Executive to discharge his duty as soon as he assumes office. Along this general policy, we have the responsibility to provide a suitable residence as soon as possible for the new Chief Executive. Since we have no plan to build a new residence, Government House is the only suitable option as an official residence cum office for the new Chief Executive. All this preparation work including election legislation, flows necessarily from the legal requirement that the election of the Chief Executive will take place on July 10, no later.

Question:

The Administration is requested to provide the estimates for carrying out renovating work on Government House.

Asked by: Hon. Emily LAU

Reply:

The Architectural Services Department (ASD) is assessing the amount and cost of renovation work required to re-establish Government House as the official residence of the Chief Executive.

All necessary works, when authorised, will be carried out in the most cost-saving manner and in accordance with all financial control regulations. The decision to proceed with such renovation work will have to await until after the new Chief Executive has been appointed following the election on 10 July.

Meanwhile, the ASD has proceeded with the updating of the security, communications, electrical and ventilation facilities of Government House as part of normal maintenance, which has hitherto not been fully carried out.
