Notes : Figures may not add up to the respective totals owing to rounding.

Statistics on the demographic and socio-economic characteristics of the population at the District Council district level are published once a year. These statistics are based on data collected in the General Household Survey in May to August each year as well as the mid-year population estimates by District Council district compiled jointly by the Census and Statistics Department and an inter-departmental Working Group on Population Distribution Projections.

Notes : * Figures of small magnitude are suppressed owing to large sampling error.

Figures may not add up to the respective totals owing to rounding.

According to the definition adopted by the General Household Survey, only persons aged 15 and over who satisfy the criteria for inclusion in the employed population are classified as employed persons.

Table 4 provided by Census and Statistics Department

GENERAL HOUSEHOLD SURVEY

Table 4 : Number of employed persons (excluding foreign domestic helpers) in domestic households (excluding households with foreign domestic helpers only) with at least one employed persons (excluding foreign domestic helpers) and with monthly household income (excluding income from foreign domestic helpers) less than half of the median monthly household income (excluding income from foreign domestic helpers) of domestic households of the corresponding household size (excluding foreign domestic helpers) by occupation and monthly employment earnings, 1998 - 2004 and Q1 2004 - Q3 2005
