⁽¹⁾ Monthly remuneration of Members (other than the President, the President's Deputy and Members who also served on the Executive Council) as at 1 July 1997

Observation: Had Members' remuneration been adjusted according to the Civil Service pay adjustments in the past 10 years (from July 1997 to June 2007), their total remuneration during the period would have been higher. As a matter of fact, Members' remuneration in July 2007 is lower than 10 years ago.
