

**Subcommittee on  
Waste Disposal (Designated Waste Disposal Facility)  
(Amendment) Regulation 2004 and  
Waste Disposal (Charges for Disposal of Construction) Waste Regulation**

**List of follow-up actions arising from the discussion  
at the meeting on 12 November 2004**

- (1) To keep the level of the daily fine for failure of main contractors to apply for billing accounts under review to ensure that it is sufficient to deter non-compliance. The Administration should also provide a progress report on the level of compliance after the charging scheme has been implemented for six months.
- (2) To ensure that there are clear and objective guidelines on the conditions to be imposed by the Director of Environmental Protection on approving an application to establish a billing account. To also consider revoking billing accounts only for repeated breach of conditions.
- (3) To provide a paper explaining the policy intent and operation of the proposed deposit for a billing account.
