Your Re: (28) REO 10/4/3 (CR) VIII

29th December 2004

Mr. Li Wing
 Chief Electoral Officer
 Registration and Electoral Office
 10th floor
 Harbour Centre
 HONG KONG

Dear Mr. Li

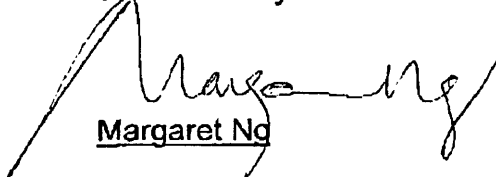

"Tendered" ballot papers

I refer to your letter dated 23 December 2004 to the Constitutional Affairs Panel in response to my request.

From the figures provided, the number of "tendered" ballot papers in geographical constituencies was 123, i.e. three times that of the 2000 election (41) and twice that the 1998 election (60). The increase is disproportionate to the increase in voter turnout rate, and cries out for investigation.

I should be obliged if you could provide a more detailed breakdown by polling station and profile (e.g. age group), and the reasons for this phenomenon.

Yours sincerely

Margaret Ng
