Dear Sir/Madam,

**Re : Submissions on Management of municipal solid waste in Hong Kong**

Referring to the above subject, our association would like to express our points of view as follows:

1. Our Association supports the "Reduce, Reuse, Recycle, Treat and Disposal waste management hierarchy".
2. For non-recoverable/recyclable waste, thermal treatment is one of the best options to reduce the volume of waste requiring final disposal at landfills.
3. For Hong Kong, landfill of waste should be minimized.

And, I would like to confirm that our representative will explain our views in more details to the Panel at its meeting to be held on Monday, 23 May 2005, at 2:30 pm in Conference Room A of the Legislative Council Building.

Yours sincerely,

Daniel M. Cheng
