Dear Mr. Wong,

**The Harbour Area Treatment Scheme Stage 2
The Third Way – to make a better whole**

Thank you for your views on the Harbour Area Treatment Scheme (HATS) and your support for the implementation of HATS Stage 2A. We shall take into account your comments for the planning of HATS Stage 2.

Regarding the nutrient and red tide formation potential issues raised in your letter, we have actually carried out detailed water quality analysis as part of the Environmental and Engineering Feasibility Study and the relevant information can be found in www.cleanharbour.gov.hk/english/download/Final%20Study%20Report/index.htm.

Once again, we would like to thank you for tendering so many useful views on HATS Stage 2 and offering your support to the Government.

Yours sincerely,

(Ms Doris CHEUNG)
for Secretary for the Environment, Transport and Works
