| (b) The Panel would like to be briefed on the work of the Hong Kong Logistics Development Council and measures taken to promote logistics development in Hong Kong. | To be confirmed |
| (c) In order to enhance the competitiveness of the Hong Kong International Airport, views had been expressed that the Government should liaise with the Central People's Government and the relevant authorities with a view to implementing "co-location" of immigration and customs facilities at Hong Kong International Airport. | To be confirmed |

2. Aviation services

The latest review of the Mainland/The Hong Kong Special Administrative Region Air Services Arrangement was concluded on 8 September 2004.	To be confirmed
---	-----------------

According to the Administration, the new Arrangement provided a clear timetable for opening the Hong Kong/Mainland aviation market to more airlines and for expansion of capacity limits on individual routes. The limit on the total number of airlines allowed to participate in the market had been lifted immediately, while the number of routes that allowed "dual designation" by each side would be increased in phases, eventually covering all routes by winter 2006.

Proposed timing for discussion

3. Amendment to the Civil Aviation Ordinance to release passive aircraft owners from strict liability

This legislative proposal was proposed by the Administration in the 2003-04 session.

4. The Electricity Market Review: public consultation on options for the post-2008 Electricity Market

The Panel noted that the Administration was conducting an electricity market review with a view to mapping out the broad framework for the development of the electricity market upon the expiry of the Scheme of Control Agreements with the two power companies in 2008. In this regard, a 2-stage public consultation would be conducted by the Administration. The first stage of consultation aimed at seeking views on possible options for the development of the post-2008 electricity market. This would be followed by a second stage which aimed at mapping out the direction and framework for the future electricity market in Hong Kong so as to enable the Administration to finalize, in good time, firm proposals for the way ahead.

To be confirmed

The Panel would consider the options to be drawn up by the Administration for the development of the post-2008 electricity market in due course.

5. Reviews of the financial plans of the two power companies

amendments to subsidiary legislation under the Country Parks Ordinance for proper management of the Park.

7. Development of new cruise terminal facilities in Hong Kong

Last discussed at the meeting on 28 June 2004.

To be confirmed

The Panel noted that the Administration was considering an open invitation for proposals from interested parties. The objective of the exercise would be to solicit innovative proposals which would enable the timely development of a cruise terminal, preferably in the core Harbour area, to meet the medium-term need. The Administration intended to launch the invitation of proposals exercise in the next few months with a view to signing a provisional agreement with the selected proponent in 2006.

8. Hong Kong Disneyland

Last discussed at the meeting on 28 June 2004.

To be confirmed

In December 1999, the Government entered into an agreement with The Walt Disney Company to build Hong Kong Disneyland (HKD) (Phase 1) at Penny's Bay. A joint venture company, the Hongkong International Theme Parks Limited, had been set up for this purpose. According to the Administration, the project is on schedule and within budget. The theme park is targeted to open on 12 September 2005.

In previous discussion, the Administration was requested to provide an update on the forecast number of attendees of the theme park.

An information paper prepared by the Administration on the "Progress update on HKD" has been issued on 15 November 2004 vide LC Paper No. CB(1)242/04-05(01) for members' consideration.
