Some members of the Bills Committee have suggested that the summons should be considered to have been served so long as the summons has been served to the address provided by the payer.

A case conference was held on 20 July 2004 to discuss the request for the provision of a new civic centre in the North District. The Administration advised that consideration of adopting the "Private Sector Finance" approach for other capital projects would depend on the response of the private sector on the pilot projects which were still at a starting stage.
