

**Legislative Council Panel on Home Affairs**

**Report on the Hong Kong Special Administrative Region  
under the Convention on the Rights of the Child**

**Introduction**

The report was among those discussed at the Panel's meeting on 11 June 2004, under item IV of the agenda. In this paper, we take the opportunity to advise the Panel of the position in regard to the hearing of the report.

**The hearing**

2. At the meeting on 21 June 2005, we informed the Panel that the UN Committee on the Rights of the Child (the Committee) would hear China's report (of which ours forms a part) on 19 September 2005. A Hong Kong team will attend as part of the Chinese delegation, under the leadership of China's Permanent Representative to the United Nations in Geneva, or his representative. The team itself will be led by the Deputy Secretary for Home Affairs, with the Deputy Solicitor General, as his deputy. The full team list is at **Annex A**.

3. We will, of course, be ready to inform the Committee of any significant developments since we finalised the report, should it so request. However, we think it likely that the Committee will wish to focus on the questions in its 'List of Issues' that reached us on 23 June. The List is attached for the Panel's

information at **Annex B**. At the date of submitting the present paper, we were finalising our response which, together with inputs from Macau, will form part of China's overall reply to the Committee. We will post our response on the Home Affairs Bureau's website <http://www.hab.gov.hk/> on confirmation that it has been submitted to the UN Secretariat.

4. Members of the Hong Kong team have been selected on the basis of their knowledge of the issues that we believe are most likely to be of interest to the Committee. Those areas are clearly indicated in the list of issues, both in the parts for which the Committee requires written responses and in regard to Part IV, which indicates where the Committee's more general interests lie. The aim is to ensure that, as far as practicably possible, we are in a position to respond to the Committee's questions on the spot. Should we be unable to answer a particular question in situ, we will undertake to provide written reply.

5. After the hearing, we will make the Committee's concluding observations public as soon as they are available.
