The above item was discussed by the Panel on two occasions on 10 May 2004 and 19 July 2004. Although members welcome the Administration's plan to grant a Care and Attention (C&A) Allowance of \$4,296 per month to paralysed patients on CSSA to hire a carer even if the patient has a family carer who is available to provide help at home, they consider that the provision would do little to alleviate the burden of the patient as the amount is not sufficient to hire an overseas domestic helper.
