60. In response to Mr LAU Yue-sun, the Convenor said that the issue of promotion of national education fell within the ambit of the Panel on Home Affairs. Mr LAU said that KCDC had compiled and published a civic education package entitled “Getting to Know Our Country – the People’s Republic of China” to give the public a better understanding of our country. Given the importance of national and civic education which was also high on the agenda of the Chief Executive, he considered that LegCo should establish a designated committee to promote national and civic education in this respect.
