**7. Employment arrangements for franchise bus drivers and safety of bus operation**

To be confirmed

This item is proposed by Mr WONG Kwok-hing. In recent years, with the Kowloon Motor Bus Company (1933) Limited taking the lead, some franchised bus operators have changed the employment terms for their bus drivers to contract terms and in some cases, the contract period only lasts for one year. Further employment of bus drivers upon expiry of their employment contracts is subject to review, resulting in a lack of job security for bus drivers. Mr WONG is concerned that the new employment arrangements would pose immense psychological pressure on bus drivers, which in turn would directly affect the safety of franchised bus operation.

**8. Exemption from regulation 53(2) of the Road Traffic (Traffic Control) Regulations (Cap. 374 sub. leg. G) for vehicles used for canvassing activities**

To be confirmed

At the Subcommittee to Study Four Items of Subsidiary Legislation under the Road Traffic Ordinance, some members of the Subcommittee considered that the Administration should take a broader view and the proposed Amendment Regulations should aim at facilitating not only the float parades to be held at the Hong Kong Disneyland but also canvassing activities during elections. The Administration was of the view that the safety requirements for standing passengers on such vehicles went beyond the ambit of the then legislative amendments, but the Administration undertook to separately examine this proposal in detail.
