- (三) 消防處有沒有於商場及街市的某些消防裝置暫停運作期間，加強巡查有關處所，以確保有關處所的管理人做足應付突發事故的預防措施，以及消防處可不可以對未有作出適當預防措施的管理人提出檢控？

Regarding the fire service installations in shopping malls and markets of public housing estates ("PHEs"), will the Government inform this Council:

- (a) whether the relevant authorities conducted regular inspections of the fire service installations in shopping malls and markets of various PHEs in the past two years; if so, of the results of the inspections, as well as the names of the shopping malls and markets where cases of non-compliance were identified and the details of such cases;
- (b) of the respective numbers of cases where the Fire Services Department ("FSD") was informed of the suspension of certain fire service installations in such shopping malls and markets by their managers in the past two years, broken down by the estates concerned, and whether FSD was aware of how long the fire service installations were suspended in each case; and
- (c) whether FSD has stepped up inspections in shopping malls and markets during the period when some of their fire service installations are suspended, so as to ensure that managers of the premises concerned have taken adequate precautionary measures against unexpected events, and whether FSD may institute prosecution against managers who have failed to take proper precautionary measures?
