Ref: CB(3)/CROP/3/26 (Pt.III)

**Paper for the House Committee meeting  
on 10 November 2006**

**Committee on Rules of Procedure**

**Handbook for Chairmen of  
Subcommittees on Subsidiary Legislation/Other Instruments**

### **Purpose**

This paper invites Members to endorse the Handbook for Chairmen of Subcommittees on Subsidiary Legislation/Other Instruments.

### **Background**

2. At its meeting on 20 February 2006, the Committee on Rules of Procedure (CRoP) considered the draft “Handbook for Chairmen of Subcommittees on Subsidiary Legislation/Other Instruments” (LC Paper No. CROP 30/05-06). As CRoP was then considering whether there should be a procedure to facilitate debates on subsidiary legislation subject to negative vetting to which no amendment had been proposed, CRoP agreed that the draft Handbook should be put on hold, pending its decision on the matter which should be included therein.

3. At its meeting on 3 July 2006, CRoP decided that the subject relating to debates on subsidiary legislation subject to negative vetting should be shelved until members could come up with an acceptable option. On the instruction of the Chairman of CRoP, the draft Handbook was circulated to all Members for comments on 19 July 2006 (LC Paper No. CROP 48/05-06). No comments was received by the deadline of 18 August 2006.

### **Amendments to Rules of Procedure regarding the determination of the time and place of a committee meeting**

4. At the Council meeting on 18 October 2006, Members approved the amendments to the Rules of Procedure (RoP) regarding the authority given to

the deputy chairman of a committee, in the absence of the chairman, to consider a request for holding a special meeting and determine the date, time and place of the meeting. The Handbook had been revised to reflect the relevant provision in RoP, and was endorsed by CROp at its meeting on 6 November 2006.

**Advice sought**

5. Members are invited to endorse the attached Handbook for Chairmen of Subcommittees on Subsidiary Legislation/Other Instruments.

## CHAPTER 1 DEFINITIONS

	<i>Paragraphs</i>
<b>Definition of subsidiary legislation</b>	1.1 – 1.2
<b>Positive vetting</b>	1.3 – 1.6
<b>Negative vetting</b>	1.7 – 1.15
<b>Subsidiary legislation not subject to the Legislative Council's scrutiny</b>	1.16
<b>Definition of other instruments</b>	1.17 – 1.21

### **Definition of subsidiary legislation**

1.1        Subsidiary legislation means any proclamation, rule, regulation, order, resolution, notice, rule of court, bylaw or other instrument made under or by virtue of any ordinance and having legislative effect.

1.2        An item of subsidiary legislation is subject to the Legislative Council (LegCo)'s scrutiny under the positive vetting procedure or the negative vetting procedure, unless it is provided in the relevant ordinance that the subsidiary legislation is not required to be tabled in LegCo.

### **Positive vetting**

1.3        Section 35 of the Interpretation and General Clauses Ordinance (Cap. 1) stipulates that where any ordinance provides that an item of subsidiary legislation is to be subject to LegCo's approval, the item must be submitted to LegCo for approval.

1.4        Although under the Rules of Procedure, a notice to move a motion in relation to such an item of subsidiary legislation should be given by the public officer concerned to the Clerk to LegCo no less than 12 clear days before the day on which the motion is to be considered by the Council, the agreement with the Administration is that at least 20 days' notice should be given. This is to enable the motion to be considered at the House Committee meeting normally held 12 days preceding the relevant Council meeting. *[RoP 29(1)]*

1.5 Where a subcommittee is formed to scrutinise the motion on the subsidiary legislation, the House Committee normally requests the public officer to withdraw his/her notice of the motion, pending the deliberation of the subcommittee.

1.6 Upon completion of its scrutiny work, the subcommittee reports its deliberations in writing to the House Committee. The public officer may then give fresh notice to the Clerk to LegCo in accordance with the Rules of Procedure. *[RoP 29(1)]*

## **Negative vetting**

### Scrutiny period

1.7 Under section 34 of Cap. 1, an item of subsidiary legislation which is published in the Gazette is to be tabled in LegCo at the meeting immediately following its publication.

1.8 An item of subsidiary legislation subject to negative vetting may take effect upon gazettal. However, it is the understanding between LegCo and the Administration that for items of subsidiary legislation which are controversial and/or of sufficient importance to merit close scrutiny by LegCo –

- (a) they should not take effect until after the scrutiny period has expired; and
- (b) where it is necessary for such an item of subsidiary legislation to take effect immediately or before the expiry of the scrutiny period, the relevant bureau should explain to Members the reason for such urgent treatment.

1.9 The scrutiny period refers to the 28 days immediately following the day on which the subsidiary legislation is tabled.

1.10 During the scrutiny period, a motion may be moved to amend (including to repeal) the subsidiary legislation or to have the period extended. It should be noted that some ordinances may provide that subsidiary legislation made under them is only subject to LegCo's power to repeal, but not to change its content.

#### Extension of scrutiny period

1.11 The scrutiny period may be extended by resolution of the Council by 21 days, or to the Council meeting immediately following the 21 days, if there is no Council meeting on the 21st day.

1.12 Notice for a motion to extend the scrutiny period of an item of subsidiary legislation must be given no less than three clear days before the relevant Council meeting, unless the President dispenses with such notice. *[RoP 29(3)]*

1.13 The notice period required for any amendment to a motion referred to in paragraph 1.12 above shall be decided by the President according to his/her discretion. *[RoP 29(4)]*

1.14 If the subcommittee decides to extend the scrutiny period of the subsidiary legislation, the motion is normally moved by the Chairman of the subcommittee. The legal adviser to the subcommittee is responsible for drafting the motion.

1.15 Where it is anticipated that the subcommittee may not be able to hold its first meeting before the deadline for giving notice of a motion for extension of scrutiny period, the motion is normally moved by the Chairman of the House Committee.

## **Subsidiary legislation not subject to the Legislative Council's scrutiny**

1.16 Where an ordinance provides that sections 34 and 35 of Cap. 1 do not apply to the subsidiary legislation made under the ordinance, the subsidiary legislation is not required to be tabled in LegCo, and LegCo has no power to repeal or propose any amendment to the subsidiary legislation. Nevertheless, the House Committee may form a subcommittee to examine issues relating to such category of subsidiary legislation.

## **Definition of other instruments**

1.17 Some instruments made under an ordinance such as codes of practice and technical memoranda which, although not subsidiary legislation, are subject to the scrutiny of LegCo in accordance with a mechanism substantially the same as that provided for in section 34 of Cap. 1. This happens when there is a specific provision to that effect in the relevant ordinance.

1.18 Notice for a motion to extend the period provided for the making of any amendment to such an instrument must be given no less than three clear days before the relevant Council meeting, unless the President dispenses with such notice. *[RoP 29(5)]*

1.19 The notice period required for any amendment to a motion referred to in paragraph 1.18 above shall be decided by the President according to his/her discretion. *[RoP 29(4) and (5)]*

1.20 If the subcommittee decides to extend the period provided for the making of amendment, the motion is normally moved by the Chairman of the subcommittee. The legal adviser to the subcommittee is responsible for drafting the motion.

1.21 Where it is anticipated that the subcommittee may not be able to hold its first meeting before the deadline for giving notice of such a motion, the motion is normally moved by the Chairman of the House Committee.

### **Work of a subcommittee on subsidiary legislation/other instrument**

2.1 A subcommittee may be formed by the House Committee to scrutinise –

- (a) any subsidiary legislation, whether or not such subsidiary legislation is subject to the provisions of sections 34 and 35 of the Interpretation and General Clauses Ordinance (Cap. 1);
- (b) any other instrument made under any ordinance; or
- (c) any draft of subsidiary legislation or instrument referred to in (a) or (b) above.

*[RoP 75(10) and (12), HR 20(j)]*

2.2 A subcommittee is a deliberative forum for studying the policy aspect of the subsidiary legislation/instrument under scrutiny, its detailed provisions and any proposed amendments to it.

2.3 A subcommittee does not have the power to summons witnesses to give evidence, unless it has been authorised by the Council to do so.

## **Procedures and practices**

2.4 Subject to the Rules of Procedure, the procedures and practices of a subcommittee on subsidiary legislation/other instrument shall be determined by the House Committee. *[RoP 75(18)]*

2.5 In addition, in accordance with rule 26 of the House Rules, the procedures and practices relating to the operation of the House Committee, Panels and Bills Committees, application for late membership, the conduct of meetings, extension of meetings and minutes of meetings shall apply, where appropriate. *[HR 26]*

## **Election of Chairman and Deputy Chairman**

2.6 The Chairman of a subcommittee is elected by and from members of the subcommittee at its first meeting. The subcommittee may also elect a Deputy Chairman, if considered necessary by the subcommittee. *[Appendix IV of HR]*

2.7 If there are two or more nominations for chairmanship or deputy chairmanship, an election by secret ballot will be held. The Chairman or the member presiding has both an original vote and a casting vote. Where two or more nominees receive the same highest number of valid votes in the election, lots will be drawn in respect of these nominees, and the Chairman or the member presiding shall exercise his/her casting vote in accordance with the lot drawn by him/her. *[RoP 75(12E) and 79A(2) and Appendix IV of HR]*

2.8 To ensure the secrecy of the ballot papers, the Clerk will supervise the shredding of the ballot papers immediately after the meeting at which the election(s) is held.

2.9 The Chairman and Deputy Chairman hold office until the dissolution of the subcommittee.

2.10 A Member whose late application for membership of a subcommittee is accepted may not seek a re-election of the Chairman or Deputy Chairman by reason of his/her joining the subcommittee (see paragraphs 2.18 to 2.20 below). *[HR 23(d)]*

## **Chairman**

### Responsibilities

2.11 The responsibilities of the Chairman of a subcommittee are not explicitly stipulated in the Rules of Procedure or House Rules. However, it is generally accepted by Members that the Chairman has the following responsibilities –

2.15 The powers and authority of a Chairman are discussed in greater detail in the following chapters.

Guiding principles

2.16 As the Chairman chairs meetings and has the responsibility to ensure that the business on the agenda is transacted in a proper and efficient manner, he/she should be familiar with the relevant rules in the Rules of Procedure and House Rules and practices of subcommittees. The Chairman should consult the subcommittee on the course of action to be taken regarding a certain matter, if there are no relevant rules or practices.

2.17 The Chairman should conduct himself/herself with impartiality in discharging his/her responsibilities. He/she should ensure that members have adequate opportunities to take part in the deliberations of the subcommittee. Where there are differences of opinion, the Chairman should give each side an equal chance to express its views.

## **Membership**

2.18 Members are free to join any subcommittee. Members of a subcommittee are those who have signified membership before the deadline for application and those whose late application for membership has been accepted. Unless a member withdraws membership, he/she remains a member until the subcommittee is dissolved. A subcommittee must have at least three Members.

2.19 Acceptance of a late application for membership on the ground that the Member concerned was indisposed or away from Hong Kong during the time when membership for the subcommittee is invited is decided by the Chairman. If the late application is not made on such reasons, it will be for the subcommittee to decide whether there are sufficient grounds to accept the application. *[HR 23(b) and (c)]*

2.20 Any Member whose late application is rejected by the Chairman or the subcommittee may put his/her case to the House Committee for a decision. *[HR 23(e)]*

## **Non-subcommittee Members' attendance**

2.21 A Member may attend any meeting of any subcommittee, regardless of whether he/she is a member of that subcommittee. A non-subcommittee Member, however, does not have any voting right in respect of the business of the subcommittee. *[HR 24(d)]*

## **Meeting schedule**

2.22 At the first meeting of the subcommittee, the Chairman should invite the subcommittee to consider whether it is necessary to anticipate the number of subsequent meetings and set tentative dates for these meetings. In normal circumstances, the subcommittee should not book more than three time slots at a time. *[HR 24(l)]*

2.23 If a subcommittee, however, decides to meet very frequently or it has difficulties in finding meeting slots, it may be necessary to book more than three time slots in advance.

## **Public's attendance**

2.24 Meetings of a subcommittee are held in public unless the Chairman instructs otherwise in accordance with the decision of the subcommittee.

2.25 Where a decision is to be made on whether a meeting or any part of it should be held in private, the decision should be made at an open meeting.

2.26 The public should be admitted to all open meetings of a subcommittee as long as there are seats in the public galleries of the meeting venue. *[HR 24(q)]*

## **Support service**

### Clerk

2.27 A Clerk is assigned to each subcommittee. The Clerk together with his/her team provide secretariat services for the subcommittee. The Clerk is the procedural adviser to the Chairman and the subcommittee, as well as the resource person on the subjects discussed by the subcommittee. The Clerk follows up decisions of the subcommittee and prepares background briefs, minutes of meetings, and reports, etc. The Clerk also oversees logistical arrangements for meetings and visits of the subcommittee.

### Legal adviser

2.28 A legal adviser is assigned to each subcommittee to provide legal advice and support to the subcommittee.

2.29 Amendments to the subsidiary legislation/instrument to be moved by the subcommittee are drafted by the legal adviser. Amendments to be moved by the Administration are scrutinised by the legal adviser to ascertain that the drafting reflects what has been discussed at meetings. The drafting of amendments which an individual member is considering to move is the responsibility of the member concerned. The legal adviser may provide assistance if necessary.

### Research support

2.30 The Research and Library Services Division provides research support for subcommittees. On the instruction of a subcommittee, the Division undertakes an in-depth study and analysis of a subject and produces a report for the subcommittee. References to overseas practices and experiences in other places outside Hong Kong are normally made in such a study.

2.31 The subcommittee should have regard to the fact that such types of studies normally take two to three months to complete, before deciding whether a study should be undertaken.

2.32 The Division also produces short information notes or fact sheets on topical issues or issues of concern on its own initiative or as suggested by a subcommittee. Such information notes or fact sheets may also make reference to experiences and practices of other places.

## **CHAPTER 3    SCRUTINISING SUBSIDIARY LEGISLATION/OTHER INSTRUMENTS**

	<i>Paragraphs</i>
<b>Stages</b>	3.1 – 3.2
<b>Inviting public views</b>	3.3 – 3.5
<b>Work progress</b>	3.6 – 3.9
<b>Policy aspect</b>	3.10 – 3.12
<b>Examination of provisions</b>	3.13 – 3.15
<b>Amendments</b>	3.16 – 3.23
<b>Notice periods for amendments</b>	3.24 – 3.27
<b>Dissolution of a subcommittee</b>	3.28

### **Stages**

3.1        The scrutiny work of an item of subsidiary legislation/instrument normally comprises the following stages –

- (a) first, to consider the policy aspect of the subsidiary legislation/instrument;
- (b) second, to consider the drafting and legal aspects through examining the detailed provisions of the subsidiary legislation/instrument;
- (c) third, to consider amendments, if any, to the subsidiary legislation/instrument; and
- (d) fourth, to consider any relevant procedural matters.

Individual subcommittees may make adjustment, if necessary, to the sequence of the above stages to suit its circumstances.

3.2        The stages of scrutiny are discussed in greater detail in the paragraphs 3.10 to 3.27 below.

## **Inviting public views**

3.3 It is for the subcommittee to decide whether public views on the subsidiary legislation/instrument should be invited. It should be noted that on occasions, the Administration may have consulted selected organisations/bodies in the course of formulating details of the subsidiary legislation/instrument. However, these organisations/bodies may not have the opportunity to express their views on the draft or final text of the subsidiary legislation/instrument.

3.4 There is no standard practice as to whether views should be obtained first before the subcommittee proceeds to scrutinise the subsidiary legislation/instrument, or whether obtaining views and scrutinising the subsidiary legislation/instrument should proceed in parallel. It is also for individual subcommittees to decide.

3.5 Arrangements in respect of inviting deputations are discussed in paragraphs 4.22 to 4.31 below.

## **Work progress**

3.6 The Chairman should regularly review the progress of the scrutiny of the subsidiary legislation/instrument with the Clerk and the legal adviser to the subcommittee, and consult the subcommittee on the way forward. For instance, the subcommittee may need more time to scrutinise the subsidiary legislation/instrument, or scrutiny of the subsidiary legislation/instrument may need to be expedited.

3.7 Arrangements for extending the scrutiny period of an item of subsidiary legislation subject to the negative vetting procedure are discussed in paragraphs 1.11 to 1.15 above.

3.8 Arrangements for extending the period provided for the making of an amendment to an instrument are discussed in paragraphs 1.18 to 1.21 above.

3.9 As a last resort, an item of subsidiary legislation subject to the negative vetting procedure or an instrument may have to be repealed, if it is considered by the subcommittee that time does not allow proper scrutiny of it.

### **Policy aspect**

3.10 As discussed in paragraph 3.1 above, in scrutinising a subsidiary legislation/instrument, it is the normal practice to first consider its policy aspect.

3.11 If the subsidiary legislation/instrument is complex, the subcommittee should draw up a work plan to guide its work. The work plan should set out the subject areas or policy issues to be studied as well as the order of and timeframe for studying these areas or issues.

3.12 Normally, the Chairman, with the assistance of the Clerk and the legal adviser, prepares a draft work plan for the consideration of the subcommittee.

### **Examination of provisions**

3.13 In examining the detailed provisions of the subsidiary legislation/instrument, the Chairman should invite the subcommittee to first examine either the English text or Chinese text of the subsidiary legislation/instrument. Where applicable, a marked-up copy of the relevant legislative item to be amended by the subsidiary legislation/instrument will be prepared by the Legal Service Division to assist the subcommittee in its scrutiny.

3.14 In examining each provision, the Chairman should invite the Administration to explain the provision and, if necessary, the related provisions. The Chairman should also invite the legal adviser to give his/her views, if any, on the legal or drafting aspects of the provisions and the related provisions.

3.15 After examination of the text of the subsidiary legislation/instrument in one language has been completed, the subcommittee should move on to consider the text in the other language. Alternatively, the subcommittee may request the legal adviser to examine the text in the other language, and to alert the subcommittee if issues are identified at this stage of work which require the subcommittee to consider.

## **Amendments**

3.16 It is the normal practice for a subcommittee to consider any amendments proposed by the Administration, the subcommittee and individual members to the subsidiary legislation/instrument, and to attach the text of the amendments to its written report to the House Committee (see paragraph 8.15 below).

3.17 To facilitate the subcommittee to consider the proposed amendments, the Administration is normally invited to provide the following papers –

- (a) explanation on the amendments proposed by the Administration; and
- (b) the Administration's written response to the amendments proposed by the subcommittee or individual members.

3.18 The Administration or the legal adviser is normally invited to provide a marked-up copy of the subsidiary legislation/instrument showing the proposed amendments.

3.19 It may be necessary for the subcommittee to invite depositions, such as the relevant professional bodies or trade associations, to give views on important or controversial amendments.

3.20 In the situation where the Administration does not agree to move certain amendments and there is agreement among the majority of the members on the amendments, the subcommittee should consider whether the Chairman should move the amendments on behalf of the subcommittee.

3.21 If the Chairman is not in favour of the proposed amendments, he/she should invite the subcommittee to consider whether the Deputy Chairman (if any) or any other member who is in favour of the amendments should move the amendments on behalf of the subcommittee.

3.22 Amendments to be moved by the subcommittee are drafted by the legal adviser to the subcommittee. The drafting of amendments which an individual member is considering to move is the responsibility of the member concerned. The legal adviser may provide assistance if necessary.

3.23 Rule 31(1) of the Rules of Procedure provides that a Member cannot propose an amendment, the object or effect of which may, in the opinion of the President, dispose of or charge any part of the revenue or other public moneys of Hong Kong, except where the Chief Executive consents in writing to the proposal. *[RoP 31(1)]*

## **Notice periods for amendments**

### Subsidiary legislation subject to the positive vetting procedure

3.24 As discussed in paragraph 1.6 above, upon completion of its scrutiny work, the subcommittee formed to study an item of subsidiary legislation subject to the positive vetting procedure will report to the House Committee. The public officer may then give fresh notice to the Clerk to LegCo. The notice period is not less than 12 clear days before the day on which the motion is to be considered by the Council, unless the President dispenses with such notice. *[RoP 29(1)]*

3.25 Notice of a motion to amend the item of subsidiary legislation is to be given not less than five clear days before the relevant Council meeting, unless the President dispenses with such notice. *[RoP 29(6)]*

Subsidiary legislation subject to the negative vetting procedure and other instruments

3.26 Notice of a motion to amend an item of subsidiary legislation subject to negative vetting procedure or an instrument is to be given not less than five clear days before the relevant Council meeting, unless the President dispenses with such notice. *[RoP 29(3) and (5)]*

3.27 The notice period required for any amendment to a motion referred to in paragraph 3.26 above shall be decided by the President according to his/her discretion. *[RoP 29(4) and (5)]*

**Dissolution of a subcommittee**

3.28 The Rules of Procedure and House Rules do not explicitly state when a subcommittee on subsidiary legislation/other instrument is dissolved. Generally speaking, a subcommittee is regarded to be dissolved –

- (a) when the motion on the subsidiary legislation is disposed of in Council, in relation to an item of subsidiary legislation which is subject to the positive vetting procedure;
- (b) when the scrutiny period expires, in relation to an item of subsidiary legislation which is subject to the negative vetting procedure;
- (c) when the period provided for the making of any amendment expires, in relation to other instruments; or
- (d) when the House Committee so decides.

### **First meeting**

4.1 The member who has the highest precedence on the preliminary membership list sets the date and time of the first meeting. The preliminary membership list comprises those Members who have indicated their intention to join the subcommittee at the House Committee meeting.

4.2 The election of the Chairman and Deputy Chairman takes place at the first meeting. After the election, the subcommittee will normally –

- (a) meet with the Administration to commence discussion on the subsidiary legislation/instrument;
- (b) consider whether it is necessary to invite deputations to give views on the subsidiary legislation/instrument;

- (c) determine the frequency of meetings; and
- (d) set the dates and time of subsequent meetings.

## **Subsequent meetings**

### Meeting schedule

4.3 It is the normal practice for the Chairman to set the date and time of a meeting. Whenever feasible, the subcommittee should meet frequently.

4.4 If the subcommittee has agreed on a meeting schedule, the Chairman should set the date and time of a meeting according to the schedule, unless there is reason to re-schedule the meeting. Members should be informed of the reason for re-scheduling.

4.5 If a member of a subcommittee makes a request for holding a meeting to discuss a specific issue of urgent importance and the Chairman cannot be contacted for considering the request within 48 hours, the Deputy Chairman will then decide whether to convene the meeting and, if convened, the date, time and place of it.

4.6 To enable the Clerk to convey a request for holding an urgent meeting of a subcommittee, the Chairman and Deputy Chairman should provide the Clerk with adequate information on how they can be contacted.

### Clash of meetings

4.7 Efforts should be made, as far as practicable, to avoid scheduling two meetings within the same time slot. *[HR 24(b)]*

4.8 If a clash of two meetings cannot be avoided, there should be no or minimum overlapping of membership between the two committees, or no member of the subcommittee is expected to attend the other meeting.

### Lunch time meetings

4.9 Where necessary, a meeting during lunch time, normally from 1:00 pm to 2:15 pm, may be scheduled.

### **Notice of meeting**

4.10 Notice of the date, time and venue of a meeting should be given by the Clerk at least three days before the meeting unless the Chairman agrees that shorter notice be given. *[HR 24(c)]*

### **Agenda**

#### Deciding on agenda items

4.11 There are no rules in the Rules of Procedure and House Rules on who decides on the agenda items for a meeting. It is the normal practice for the Chairman to decide on the agenda and consult the subcommittee, if necessary.

4.12 The agenda items of a subcommittee meeting are normally couched in general terms, such as “Meeting with the Administration”, “Continue discussion with the Administration” or “Meeting with deputations”. If the subcommittee has drawn up a work plan setting out the subject areas and policy issues to be studied and the order of studying these areas or issues, the Chairman should consider whether the specific areas or issues to be discussed at a particular meeting should be stated in the agenda to facilitate members to prepare for the meeting and to bring along the relevant papers to the meeting.

4.13 The agenda, after clearance with the Chairman on the order and wording of items and time allowed for each item, is normally issued to members together with the notice of meeting.

4.14 It is the normal practice for the Chairman, upon the request of the Administration or individual members, to decide whether a special/urgent item or subject area/policy issue should be added to the agenda of a meeting. In considering whether to accede to the request, the Chairman should have regard to –

- (a) whether sufficient time can be allotted to the item/subject area/policy issue;
- (b) whether sufficient notice can be given to members, the Administration and other parties concerned; and
- (c) whether relevant information about the item/subject area/policy issue can be provided to members at a reasonable time before the meeting to facilitate discussion on it.

4.15 Where there is a request to defer discussion on an item/subject area/policy issue, the Chairman should consult the subcommittee on whether the request should be acceded to, if there is urgency in discussing the item/subject area/policy issue or the item/subject area/policy issue is controversial (also see paragraph 4.36 below regarding late submission of papers and amendments).

4.16 Where there is a request to alter the order of items/subject areas/policy issues on an agenda, the Chairman should consider whether there is good reason for the request, whether the change will cause inconvenience for other attendees, and whether reasonable notice can be given to members about the change, before making a decision on the request.

#### Revised agenda

4.17 Where subsequent changes are made to the agenda of a meeting, a revised agenda should be issued as soon as possible by the Clerk, to ensure that members are given notice of what will be discussed at the meeting.

### Time allowed for each item

4.18 The Chairman should decide beforehand the time allowed for discussion on each item/subject area/policy issue, and instruct the Clerk to have the time indicated on the agenda. *[HR 24(m)]*

## **Inviting attendees**

### Administration

4.19 It is the normal practice for the policy bureau concerned to coordinate the attendance of public officers for discussion on a certain item/subject area/policy issue.

4.20 The Chairman or the subcommittee may request that a certain public officer be invited. *[RoP 9(4)]*

### Other organisations

4.21 Representatives, other than those from the Administration, such as representatives of public bodies, may be invited by a subcommittee to attend its meeting for discussion on a certain item/subject area/policy issue on the agenda.

## **Deputations**

### Invitation

4.22 A subcommittee may invite deputations to make written submissions and oral representations to the subcommittee on the subsidiary legislation/instrument. The Chairman normally invites members to give views on which organisations or individuals should be approached.

4.23 If the subsidiary legislation/instrument in question is of wide public concern, it is the normal practice for the subcommittee to invite views from the public by issuing press releases and/or posting a notice on the LegCo website. Advertisements may also be placed in one English newspaper and one Chinese newspaper as decided by the Chairman or the subcommittee, but consideration should be given to the cost involved. If a subcommittee decides to invite views by any one of the three approaches mentioned above, the subcommittee should also invite the 18 District Councils to give views on the subsidiary legislation/instrument.

### Submissions

4.24 In the case of Panels or Bills Committees, about two to three weeks are normally allowed for deputations to send in their submissions to the Secretariat, and the deadline for submissions is normally one to two weeks prior to the relevant meeting. In determining the time allowed for deputations to send in their submissions, the subcommittee should have regard to the scrutiny period, in the case of subsidiary legislation subject to negative vetting, or the period for making amendment, in the case of other instruments.

4.25 The Chairman decides whether requests for making oral representations, which are received after the deadline, should be acceded to.

4.26 Deputations who have put in written submissions prior to the meeting may make further submissions after the meeting on points not covered in their earlier submissions. *[HR 25(b)]*

4.27 The Chairman decides whether translation into Chinese should be arranged for submissions made in English. Summary translation into Chinese may be considered for very lengthy submissions made in English. Submissions are circulated to members and made available to the public, unless the deputations concerned raise objection.

4.28 Submissions are also forwarded to the Administration for its response to the issues and concerns raised in the submissions.

4.29 Where necessary, the Clerk prepares summaries of issues and concerns raised in the submissions received from deputations and the Administration's response to these issues and concerns.

#### Speaking order

4.30 The Chairman determines the speaking order of deputations by applying the following criteria –

- (a) in the order of the receipt of the submissions; and/or
- (b) by groups having regard to the background or nature of the deputations; and/or
- (c) preference of the deputations.

#### Speaking time

4.31 The Chairman determines the speaking time limit for deputations. In principle, equal speaking time should be allotted to deputations attending the same meeting.

### **Background briefs**

4.32 The Clerk prepares a background brief on the relevant subsidiary legislation/instrument to facilitate the subcommittee's discussion at the first meeting of the subcommittee.

4.33 Where practicable and considered necessary by the Chairman, the Clerk prepares background briefs on specific subjects, particularly those involving important, complex, and/or controversial issues, to facilitate the subcommittee's discussion. The Chairman's consent is sought by the Clerk before issuance of the brief to members.

## **Papers from the Administration**

4.34 It is the normal practice to request the Administration to respond in writing to the issues and concerns raised by members, and to provide other relevant discussion papers for a subcommittee meeting.

4.35 Unlike the provision of discussion papers for Panels, there are no agreed deadlines with the Administration for the provision of papers for subcommittee meetings, because the frequency of subcommittee meetings varies from case to case.

4.36 Since a subcommittee invariably consults the Administration's representatives in fixing the date of its next meeting, the Administration should have assessed its ability to provide discussion papers or draft amendments at a reasonable time before the meeting. In line with the practice of Panels, the Chairman should invite the subcommittee to consider whether discussion on papers or amendments that arrive too late before a meeting should be deferred, if the situation warrants.

## **Information notes/fact sheets**

4.37 The consent of the Chairman is sought for issuance of an information note or fact sheet produced by the Research and Library Services Division.

## **Research reports**

4.38 Upon the endorsement of the subcommittee for a study to be carried out, an outline of the study is prepared for members' comments and endorsement at a meeting or by circulation. The Chairman's consent is sought before issuance of the outline to members.

4.39 The Chairman and interested members of the subcommittee are invited to comment on the draft research report before it is finalised for presentation to the subcommittee. Internal deliberation may be held to consider whether the draft report has covered all the aspects expected to be covered in the study.

## **Personal data**

4.40 Personal data contained in a document is normally obliterated before issuance.

## **Defamatory expressions**

4.41 If a document, e.g. submission from a deputation, contains defamatory remarks/expressions made against or which may be embarrassing to any person or body, etc, the Chairman should instruct the Clerk on how such a document should be dealt with. It may be necessary to restrict the circulation of such a document to members only, or to obliterate the remarks/expressions before circulation.

## **Other papers**

4.42 The Chairman decides whether certain documents sent to the subcommittee, which are not related to any agenda item, subject area or policy issue to be discussed, should be circulated to members.

## **Chairman's Brief**

4.43 A Brief for the Chairman is prepared by the Clerk for every meeting (other than the first meeting), and is normally sent to the Chairman not less than one working day before the meeting. The Brief usually contains the following information –

- (a) the number of members required to form a quorum of the meeting;
- (b) a list of the members of the subcommittee, representatives of the Administration and other organisations and Secretariat staff attending the meeting;
- (c) date of the meeting the minutes of which are to be confirmed;

- (d) outstanding issues and concerns raised at previous meetings to be followed up and new issues to be discussed by the subcommittee;
- (e) titles of papers for the meeting;
- (f) matters requiring the subcommittee's attention/decision;
- (g) a reminder of the date of the next meeting; and
- (h) any procedural or other matters to which the Chairman's attention should be drawn.

4.44 The following information is also included in the Brief when it is anticipated that the subcommittee is about to conclude its deliberation –

- (a) in the case of an item of subsidiary legislation subject to positive vetting, the deadline for giving notice of the motion on the subsidiary legislation;
- (b) the deadline for giving notice of amendments; and
- (c) the respective dates of the relevant House Committee meeting and Council meeting (if applicable).

### **Meeting with the Clerk**

4.45 Where necessary, the Chairman and Deputy Chairman (if any) meet with the Clerk before the meeting to receive an update on the items to be discussed and to consider any procedural points which may be brought up at the meeting.

### Chairing meetings

5.1 The Chairman of a subcommittee chairs all its meetings. In his/her absence, the Deputy Chairman (if one has been elected) takes over as the Chair.

5.2 In the temporary absence of the Chairman or Deputy Chairman (if one has been elected), the subcommittee may elect a Chairman to act during the absence.

5.3 Although the Chairman has the same rights, in principle, as any other member to give his/her views, the Chairman should intervene as little as possible in the discussion and should not usually express personal opinions, in order to avoid giving the impression or being accused of taking sides.

5.4 Where the Chairman of a subcommittee considers that there may be concern about conflict of interest or conflict of roles in his/her chairing the meeting for discussion on a certain item, he/she should make a declaration of the matter which is the cause for the concern and invite the subcommittee to consider whether he/she should preside over the discussion on the item. The subcommittee may decide whether the Deputy Chairman or another member should preside.

## **Quorum**

5.5 The quorum of a subcommittee is three members including the Chairman or one-third of its members including the Chairman (a fraction of the whole number being disregarded), whichever is the greater.

5.6 If a quorum is not present within 15 minutes of the appointed time, the Chairman should cancel the meeting. *[HR 24(g)]*

5.7 In the case where a meeting has just been cancelled, and then all the members of the subcommittee are present and the public officers are still available, the Chairman may, with the agreement of all the members, call another meeting to be held immediately. *[HR 24(c)]*

5.8 If the attention of the Chairman is drawn to the fact that a quorum is not present during a meeting, he/she should ask that members be summoned. Unless a quorum is present within 15 minutes, the Chairman should close the meeting. *[HR 24(h)]*

## **Venue not available**

5.9 In the situation where a quorum is present but the venue for a meeting is not available at the appointed meeting time, because the meeting held in the same venue in an earlier time slot has overrun, the following arrangement may be adopted: the Chairman of the meeting in progress should suspend the meeting to enable the other Chairman to declare the meeting open and then immediately suspend the meeting. The earlier meeting can then resume and the other meeting can be held after the earlier meeting has ended.

## **Keeping time**

5.10 The Chairman should have regard to the time allotted to each item and should keep tight time control to ensure that business on the agenda is dealt with before the appointed ending time of the meeting. The Chairman may extend the meeting or allow the meeting to continue for not more than 15 minutes beyond the appointed ending time of the meeting, provided that the meeting venue is available. *[HR 24A(a)]*

5.11 Further extension of the meeting is subject to the conditions detailed in paragraphs 5.51 to 5.54 below.

## **Order of agenda items**

5.12 Items should be taken in the order in which they appear on the agenda. If there is a request for the order of an item to be varied, the Chairman should consult members of the subcommittee as well as representatives of the Administration and/or other parties concerned, such as deputations. If no objection is raised, the request may be acceded to.

## **Privileges and immunities**

5.13 At meetings of the Council or its committees, the privileges and immunities provided by the Legislative Council (Powers and Privileges) Ordinance (Cap. 382) are available to all Members, the Chief Executive and any public officer designated by the Chief Executive for the purpose of attending such meetings. A list of the public officers so designated is in *Appendix I*.

5.14 Where discussion on an item is attended by persons who are not covered by the privileges and immunities provided under Cap. 382, e.g. deputations, the Chairman should remind them, at the beginning of the discussion, that when addressing the subcommittee they do not have such protection and their written submissions are also not protected.

## **Order of speaking**

5.15 Members should register their intention to speak at a meeting by raising their hands. The Chairman should call upon Members to speak in turn, having regard to the order in which they have raised their hands.

5.16 Where there are differences of opinion, the Chairman should, as far as possible, give each side an equal chance to express its views.

## **Direct pecuniary interest**

5.17 A Member should not vote on any question in which he/she has a direct pecuniary interest, except where his/her interest is in common with the rest or a sector of the population of Hong Kong, or his/her vote is given on a matter of Government policy. *[RoP 84(1) and (1A)]*

## **Voting**

5.18 Matters for the decision of a subcommittee are decided by a majority of the members voting. Non-subcommittee Members do not have voting right in respect of the business of the subcommittee. *[RoP 75(12AA), HR 24(d)]*

5.19 Before a matter is voted upon at a meeting of a subcommittee, a voting bell will be rung if the Chairman orders, on his own motion or upon the request of a member of the subcommittee, that the members of the subcommittee be notified of the voting. The subcommittee will proceed to vote immediately after the bell has been rung for two minutes. However, if the meeting is held simultaneously with a Council meeting, the bell will not be rung. *[HR 24(i)]*

5.20 Where no voting bell is provided for the venue where a subcommittee meets or if the bell does not function or may not be rung, the Chairman should order the Clerk to arrange for members of the subcommittee within the precincts of the Chamber to be notified of the voting. The voting will be held four minutes after the order has been made. *[HR 24(j)]*

5.21 Voting by members at a meeting of a subcommittee is by a show of hands.

5.22 A question put to vote will be regarded as agreed to if more members voted in favour of it than those who voted against it. It is the normal practice to record the number of members who abstained from voting, but the number of abstentions is not counted for the purpose of determining the result of the vote.

5.23 If a member wishes to claim a division of the votes, the member must make the request before the Chairman declares the result of the vote.

5.24 When the Chairman orders a division, the Clerk will record the names of members who are in favour of the question put, those who are not in favour of the question put, and those who abstain from voting. The Chairman should then instruct the Clerk to read out the names of the members who are in favour of the question put, those who are not in favour of the question put, and those who abstain from voting. The Chairman should then declare the result of the vote. The number of abstentions is not counted for the purpose of determining the result of the vote, as detailed in paragraph 5.22 above.

## **Decisions**

5.25 The Chairman may instruct that a matter for the decision of a subcommittee be considered by circulation of papers to its members. The matter will be regarded as being agreed to by the subcommittee, if the majority of the members responding to the relevant paper signify agreement.

5.26 The decisions of a subcommittee should not be re-opened for discussion, unless with the permission of the subcommittee. *[HR 24(n)]*

## **Voting right of Chairman**

5.27 Except in an election of the Chairman and Deputy Chairman of a subcommittee, the Chairman or any presiding member has an original vote but not a casting vote. *[RoP 75(12C) and (12E)]*

5.28 If the Chairman or the member presiding wishes to exercise his/her original vote on a matter before the subcommittee, the vote must be exercised at the same time as other members of the subcommittee exercise their vote; otherwise, the Chairman or the member presiding will be regarded as having given up his/her right to vote on the relevant matter. *[RoP 79A(3)]*

## **Conduct**

### Members

5.29 The Chairman is responsible for maintaining order at meetings to ensure the business on the agenda is conducted properly and efficiently.

5.30 Some of the rules in the Rules of Procedure which govern the order of Members at Council meetings are applicable to committee meetings, unless the Chairman of the committee decides otherwise. These rules are –

- (a) a Member should not interrupt another Member who is speaking except to raise a point of order or to seek elucidation *[RoP 39]*
- (b) a Member should restrict his/her observations to the subject under discussion and should not introduce matters irrelevant to that subject *[RoP 41(1)]*

- (c) a Member should not make reference to a case pending in a court of law in such a way as, in the opinion of the Chairman, might prejudice that case *[RoP 41(2)]*
- (d) a Member should not use offensive or insulting language about other Members *[RoP 41(4)]*
- (e) a Member should not impute improper motives to another Member *[RoP 41(5)]*
- (f) the name of the Chief Executive should not be used to influence the Council *[RoP 41(6)]*
- (g) the conduct of the Chief Executive, a Member of the Executive Council or a Member of the Legislative Council otherwise than in the performance of his/her official duties shall not be raised *[RoP 41(7)]*
- (h) the conduct of judges and other persons performing judicial functions should not be raised *[RoP 41(8)]*
- (i) all Members should enter or leave the meeting venue properly attired and with decorum; no Member should cross the floor of the meeting venue unnecessarily; Members should not read newspapers, books or other document except if the contents of such documents are related to the business of the Council; and while a Member is speaking all Members should be silent and should not make unseemly interruptions *[RoP 42]*

5.31 The Chairman of a subcommittee does not have the power conferred under Rules 44 and 45 of the Rules of Procedure to order a Member to discontinue his/her speech or withdraw from a meeting. In dealing with controversies concerning Members' conduct or points of order at meetings, e.g. the use of offensive or insulting language by a Member, the Chairman may adopt the following approaches –

- (a) remind the Member that his/her conduct is inappropriate;
- (b) persuade the Member not to continue to behave in the manner which is the subject of the controversy;
- (c) suspend the meeting to let the controversy die down, if necessary; and/or
- (d) seek the view of the subcommittee on how the controversy should be dealt with.

### Public

5.32 If a member of the press or the public is behaving or is likely to behave in a disorderly manner, the Chairman may order the removal of the person from the meeting. *[RoP 87, HR 24(s)]*

## **Motion without notice**

### Substantive motions

5.33 The procedure for the moving of a motion at subcommittee meetings is not provided in the Rules of Procedure and House Rules. Subcommittees may follow the procedure provided for Panels in rule 22(p) of the House Rules.

5.34 Under rule 22(p), if a motion is moved without notice by a member in relation to an agenda item, the Chairman should deal with in accordance with the following steps –

- (a) to decide whether the motion is directly related to the agenda item;

- (b) to invite the members present to consider whether the motion should be dealt with, if the motion is ruled directly related to the agenda item; and
- (c) to proceed to deal with the motion, if agreed to by a majority of the members voting.

*[HR 22(p)]*

These steps are discussed in greater detail below.

5.35 The Chairman should first decide whether the motion is directly related to an agenda item of that meeting. This is to ensure that members are aware of the possibility that a motion may be moved without notice on the subject matter of an agenda item. For this reason, a motion moved under “Any other business” or under a newly added discussion item under “Any other business” should not be ruled admissible by the Chairman.

5.36 The proposed motion or any amendment to the motion should be presented to the subcommittee in written form. *[HR 22(p)]*

5.37 The Chairman or the Clerk should read out the wording of the motion and any amendment. If necessary, the Chairman should instruct the Clerk to arrange for the wording of the proposed motion and any amendment to be copied to members.

5.38 If the Chairman rules that the motion is directly related to the agenda item, the Chairman should invite members present to consider whether the motion should be proceeded with. The motion will be proceeded with if agreed to by a majority of the members voting, and it should be dealt with under the agenda item to which it relates. The Chairman may, with the agreement of the subcommittee, decide to deal with the motion later at the same meeting.

5.39 No new motion, however, may be proposed during the period of extension of the meeting agreed to by the subcommittee (see paragraphs 5.50 to 5.54 below). *[HR 24A(f)]*

5.40 The Chairman should allow members to give views on the motion and any amendment before they are put to vote.

5.41 After members have expressed their views, the amendment should be voted on first. If the amendment is voted down, the original motion should be put to vote.

5.42 If there are two or more amendments, the Chairman should call on the members concerned to move their amendments in the order in which these amendments relate to the text of the motion, or in cases of doubt in the order decided by the Chairman.

5.43 In the case of two amendments being inconsistent with each other, if the amendment which is voted on first is passed, the other amendment is deemed to be negated.

5.44 If there are two or more motions moved by members which have been ruled by the Chairman to be directly related to the agenda item and decided by the subcommittee that they should be proceeded with, a joint discussion on the motions should be held.

5.45 After members have given their views, the motions should be voted on in the order in which they were presented to the subcommittee.

5.46 In the case of two motions being inconsistent with each other, if the motion which is voted on first is passed, the other motion is deemed to be negated.

5.47 A Member may not move any motion or amendment relating to a matter in which he/she has a pecuniary interest, whether direct or indirect, or speak on any such matter, except where he/she discloses the nature of that interest. *[RoP 83A]*

## Procedural motions

### *Motion to adjourn*

5.48 If during the discussion on a substantive motion, a member moves a procedural motion to adjourn the discussion, the procedural motion should be dealt with first. If the motion is supported, the Chairman will adjourn the discussion. If the motion is voted down, discussion on the substantive motion may continue.

### *Motion to take vote immediately*

5.49 If during the discussion on a substantive motion, a member moves a procedural motion that a vote on the substantive motion be taken immediately, the procedural motion should be dealt with first. If the motion is supported, a vote on the substantive motion will be taken immediately. If the motion is voted down, discussion on the substantive motion may continue.

## **Extension of meetings**

5.50 As detailed in paragraph 5.10 above, the Chairman may extend a meeting or allow a meeting of the subcommittee to continue for not more than 15 minutes beyond the appointed ending time of the meeting, provided that the meeting venue is available. [HR 24A(a)]

5.51 The meeting may be extended for more than 15 minutes beyond the appointed ending time or the period of extension/continuation of meeting referred to in paragraph 5.50 above, provided that –

- (a) such a proposal is put forward during the original appointed meeting time or the period of extension/continuation of meeting referred to in paragraph 5.50 above;
- (b) no member of the subcommittee present at the meeting raises objection to the proposal; and
- (c) the meeting venue is available.

[HR 24A(b)(i) to (iii)]

5.52 Subject to the availability of the meeting venue, the period of extension referred to in paragraph 5.51 above may be extended for a further specified period, provided that such a proposal is put forward during that extended period and no member of the subcommittee present at the meeting raises objection to the proposal. *[HR 24A(c)]*

5.53 The Chairman shall ascertain whether any member of the subcommittee present at the meeting raises objection to a proposal put forward under paragraph 5.51 or 5.52 above without debate or discussion. *[HR 24A(d)]*

5.54 Where a motion has been proposed and agreed to be dealt with during the appointed meeting time or the period of extension/continuation of meeting referred to in paragraph 5.50 above but has not been dealt with, the motion may be dealt with during the period of extension as decided by the subcommittee under paragraph 5.51 or 5.52 above. However, no new motion may be proposed during such period of extension. *[HR 24A(e)and (f)]*

## **Language**

5.55 Members and other attendees of a meeting may speak in either Cantonese, Putonghua or English. However, prior notification to address the subcommittee in Putonghua must be given to the Clerk so that appropriate simultaneous interpretation service can be arranged.

5.56 The Chairman, whenever necessary, should remind Members, representatives of the Administration and deputations to refrain from using “cocktail” language at meetings so as to facilitate the work of the simultaneous interpreters. *[HR 24(o)]*

## CHAPTER 6 VISITS

	<i>Paragraphs</i>
<b>Purpose</b>	6.1
<b>Visits outside Hong Kong</b>	6.2 – 6.10
<b>Visits in Hong Kong</b>	6.11 – 6.13

### **Purpose**

6.1 Visits may be conducted by subcommittees to enable Members to gain first-hand information on issues or organisations of interest to them in connection with Council business. *[HR 29(a)]*

### **Visits outside Hong Kong**

#### Permission of the House Committee

6.2 Should a subcommittee consider it necessary to undertake any activities outside Hong Kong under the name of the subcommittee, it is the normal practice to seek the permission of the House Committee, although this is not required under the Rules of Procedure and House Rules.

6.3 In considering whether to undertake a visit outside Hong Kong, the subcommittee should have regard to, among other things, the time required to make logistical arrangements and other preparatory work for the visit.

6.4 The Chairman presents a paper on the proposed visit to the House Committee. The paper is drafted by the Clerk.

### Forming the delegation

6.5 The broad guidelines for determining the size and membership of a delegation are –

- (a) members of the subcommittee should have priority in participating in the visit; and
- (b) the delegation should be of a manageable size in order not to create difficulties in logistical arrangements.

6.6 Non-subcommittee Members may join a duty visit outside Hong Kong with the consent of the subcommittee.

6.7 The Chairman of the subcommittee is normally the leader of the delegation. If the Chairman does not participate in the visit, the Deputy Chairman (if any) is normally the leader and if he/she also does not participate in the visit, the delegation may choose a leader and inform the subcommittee of its choice.

### Funding

6.8 Visits outside Hong Kong are funded in accordance with the prevailing arrangements approved by The Legislative Council Commission.

### Preparatory work

6.9 Prior to the visit, the delegation should discuss the matters to be studied during the visit, the programme and the parties to be visited. Background briefs for the visit are prepared by the Clerk jointly with the Research and Library Services Division. Questions are also drawn up by the Clerk in consultation with the delegation, to facilitate discussion with the parties to be visited.

## Role of the Clerk

6.10 There will be Secretariat staff, normally the Clerk, accompanying the delegation. The Clerk (or the staff concerned) is responsible for making the logistical arrangements and will draft the report of the visit in consultation with the delegation. The report, after clearance with the delegation, is presented to the subcommittee and then, with suitable adaptation, to the House Committee.

## **Visits in Hong Kong**

6.11 The timing and programme of a visit are decided by the Chairman in consultation with members of the subcommittee and the host organisations. The duration of a visit should be kept to within three hours as far as possible. *[HR 29(b)]*

6.12 The Chairman, in consultation with other Members or the host organisation, determines whether a scheduled visit should be cancelled or postponed if the visiting party consists of less than three Members. *[HR 29(d)]*

6.13 The Chairman and the host organisation are consulted as to whether the visit should be open to the media.

## CHAPTER 7 POWERS TO SUMMONS WITNESSES

	<i>Paragraphs</i>
<b>Powers to summons witnesses</b>	7.1 – 7.5
<b>Proposal to appoint a select committee</b>	7.6 – 7.8

### **Powers to summons witnesses**

7.1 A subcommittee may exercise the powers conferred by section 9(1) of Cap. 382 to order any person to testify or give evidence or to produce any paper, book, record or document in his/her possession, if authorised by the Council to do so.

7.2 If a subcommittee member proposes that the subcommittee should exercise the powers conferred by section 9(1) of Cap. 382 in connection with its work, a motion on the proposal should be put to the subcommittee for consideration and decision. If the subcommittee supports the motion, the House Committee should be informed of the subcommittee's decision.

7.3 The relevant motion in Council is normally moved by the Chairman of the subcommittee.

7.4 If a subcommittee is authorised to exercise powers conferred by section 9(1) of Cap. 382, the subcommittee should, similar to Panels, make a report to the Council after it has completed its consideration, although this is not required under the Rules of Procedure and House Rules.

7.5 There is no precedent of a subcommittee being authorised by the Council to exercise powers conferred by section 9(1) of Cap. 382 in connection with its work.

## **Proposal to appoint a select committee**

7.6 If a subcommittee decides to recommend the appointment of a select committee to conduct an enquiry and for the select committee to exercise the powers conferred by section 9(1) of Cap. 382 for the purpose of the enquiry, a paper should be presented to the House Committee. The Clerk prepares the paper and clears it with the Chairman before issuance.

7.7 If the House Committee supports the proposal of the appointment of a select committee, the relevant motion in Council is normally moved by the Chairman of the House Committee or the Chairman of the subcommittee, if one is formed to undertake preparatory work for the appointment of the select committee.

7.8 There is no precedent of a subcommittee recommending the appointment of a select committee to conduct an enquiry.

## CHAPTER 8 FOLLOW-UP WORK OF A MEETING

	<i>Paragraphs</i>
<b>Decisions</b>	8.1 – 8.4
<b>Minutes</b>	8.5 – 8.9
<b>Verbatim records</b>	8.10 – 8.11
<b>Reports for the House Committee</b>	8.12 – 8.17
<b>Reporting the subcommittee's deliberations in Council</b>	8.18 – 8.28
<b>Tabling a report in Council and speaking on the report</b>	8.29 – 8.34
<b>Addressing the Council on an item of subsidiary legislation</b>	8.35 – 8.38
<b>Adjournment debate</b>	8.39 – 8.41

### Decisions

8.1 Decisions made by the subcommittee are followed up by the Clerk in consultation with the Chairman.

8.2 Where a motion passed by the subcommittee requires the Administration's follow-up action or response, the Clerk writes to inform the Bureau Secretary (or other public officers) concerned of the motion and to request him/her (or the public officer) to take follow-up action or provide a response to the motion, as appropriate.

8.3 The Clerk also writes to the relevant bureau if there are other follow-up actions required of the Administration.

8.4 The Clerk undertakes other necessary follow-up work according to the decisions of the subcommittee including –

- (a) seeking the House Committee's permission to undertake a visit outside Hong Kong (paragraphs 6.2 to 6.4 above refer);

- (b) informing the House Committee of the subcommittee's decision to seek the Council's authorisation to exercise the powers conferred by section 9(1) of Cap. 382 (paragraph 7.2 above refers); and
- (c) recommending to the House Committee that a select committee be appointed (paragraph 7.6 above refers).

## **Minutes**

8.5 The Clerk to the subcommittee prepares the minutes of the meetings of the subcommittee.

8.6 The minutes of a subcommittee meeting are presented in condensed form. The minutes should record the decisions of the subcommittee, outstanding matters to be followed up at future meetings, undertakings made by the Administration, declarations of interest by members, and decisions of members to move amendments, etc. The format of the minutes should follow that agreed to by the House Committee meeting on 5 October 2001.

8.7 The audio records of the proceedings are indexed, and the index is annexed to the minutes to facilitate easy retrieval of such records. The format of the index should follow that agreed to by the House Committee meeting on 14 June 2002.

8.8 The minutes of a meeting with the Administration and other outside parties need not normally be cleared with them. The Chairman has the discretion to decide whether the draft minutes or any part of the draft minutes should be shown to those who have attended the meeting if, in the Chairman's view, it will facilitate the work of the subcommittee.

*[HR 25(c) and (d)]*

8.9 The draft minutes are cleared with the Chairman before issuance to members for confirmation at a meeting or by circulation.

*[HR 25(e)]*

## **Verbatim records**

8.10 Verbatim records are not normally prepared for a meeting, except where the subcommittee is conducting an enquiry and has been authorised to summons witnesses to give evidence. *[HR 25(a)]*

8.11 The Chairman may, with the agreement of the subcommittee, determine that a verbatim record of a meeting be made. The request should be justified on the grounds of need. Such a request should be submitted to The Legislative Council Commission with justifications for record.

## **Reports for the House Committee**

### Report to seek an extension of scrutiny period

8.12 Where the Chairman of the subcommittee is to move a motion to extend the scrutiny period of the subsidiary legislation if it is subject to negative vetting, or the period for making amendments in the case of other instruments, this should be so stated in the relevant “Position Report on Bills Committees and subcommittees” for the House Committee.

### Report upon completion of scrutiny work

8.13 A subcommittee should, as soon as it has completed its work, advise the House Committee in writing of the subcommittee’s deliberations and recommendations. It is the normal practice to submit the report before the expiry of the deadline for giving notice of amendments.

8.14 Under exceptional circumstances where a written report cannot be provided to the House Committee before the deadline for giving notice of amendments, the Chairman may make a verbal report, and provide a written report at the earliest opportunity, e.g. at the following House Committee meeting.

8.15 The Clerk drafts the report to the House Committee. The report of a subcommittee normally contains the following information –

- (a) a brief description of the subsidiary legislation/instrument;
- (b) the membership of the subcommittee;
- (c) the number of meetings held and visit(s) conducted, if any, as well as submissions received and deputations met, if any, by the subcommittee;
- (d) the deliberations of the subcommittee, including issues and concerns raised in relation to the objects of the subsidiary legislation, the majority and minority views of members, and the Administration's response to issues raised at meetings;
- (e) the Administration's undertakings, if any;
- (f) the respective amendments to be moved by the Administration, the subcommittee and/or individual members, if any;
- (g) other recommendations of the subcommittee, if any;
- (h) follow-up actions to be taken by the Administration or other committees of the Council, if any; and
- (i) any other matters or points to which the House Committee's attention should be drawn.

#### Comments by Administration and Chairman

8.16 The draft report of the subcommittee is normally sent to the Administration for comments. It will then be cleared with the Chairman for issuance to the House Committee. The draft report will be circulated to members of the subcommittee before issuance to the House Committee, if so requested by members.

### Speaking note

8.17 Where the Chairman is to make a verbal report to the House Committee, the Clerk prepares a speaking note for the Chairman. If necessary and subject to the agreement of the Chairman of the subcommittee and that of the Chairman of the House Committee, the speaking note may be tabled at the House Committee meeting.

## **Reporting the subcommittee's deliberations in Council**

### Subsidiary legislation subject to positive vetting

8.18 For a subcommittee scrutinising an item of subsidiary legislation under the positive vetting procedure, it is the normal practice for the Chairman to make a speech to report on the deliberations of the subcommittee, after the public officer concerned has moved his/her motion. The speech is drafted by the Clerk. The Chairman may add his/her personal view after reporting the work of the subcommittee. The total speaking time is 15 minutes. *[RoP 36(5)]*

8.19 If the Chairman is to move an amendment to the motion on behalf of the subcommittee, he/she will need to move and speak on the amendment, in addition to reporting on the deliberations of the subcommittee and speaking on his/her personal view, within the speaking time limit of 15 minutes.

8.20 There is no requirement in the Rules of Procedure and House Rules for the subcommittee to table a report on its deliberations in Council, as in the case of a Bills Committee. However, a subcommittee may do so under Rule 21(1) and (2) of the Rules of Procedure, if the subcommittee considers it necessary. *[RoP 21(1) and (2)]*

8.21 Where the subcommittee decides to table its report in Council, the Chairman may seek the permission of the President to address the Council on the report. This will obviate the need for the Chairman to report the deliberations of the subcommittee during the debate on the relevant motion on the subsidiary legislation, as discussed in paragraphs 8.18 and 8.19 above. *[RoP 21(1), (2) and (3)]*

8.22 The arrangement for a subcommittee to table its report in Council is discussed in paragraphs 8.29 to 8.34 below.

#### Subsidiary legislation subject to negative vetting or other instruments

8.23 There is no debate in Council on the subsidiary legislation/instrument, if no amendment is proposed.

8.24 For a subcommittee scrutinising an item of subsidiary legislation under the negative vetting procedure or an instrument on which amendments are proposed by the Administration, it is the normal practice for the Chairman to make a speech to report on the deliberations of the subcommittee in relation to the amendments, after the public officer concerned has moved his/her motion. The speech is drafted by the Clerk. The Chairman may add his/her personal view after reporting the work of the subcommittee. The total speaking time is 15 minutes.

8.25 If the Chairman is to move a motion to amend the subsidiary legislation, he/she will have 15 minutes to move and speak on the report on the deliberations of the subcommittee in relation to the amendments, plus another 15 minutes in reply. If there is an amendment to the motion, the Chairman will have another 15 minutes to speak on the amendment.

8.26 As discussed in paragraph 8.20 above and paragraphs 8.29 to 8.34 below, the Chairman of a subcommittee may table a report on its deliberations in Council and seek the President's permission to speak on the report.

8.27 Alternatively, the Chairman may seek the permission of the President to address the Council on the subsidiary legislation under Rule 21(5) and (6) of the Rules of Procedure provided that the scrutiny period of the subsidiary legislation has not expired. Further details are given in paragraphs 8.35 to 8.38 below. *[RoP 21(5) and (6)]*

8.28 If the Chairman chooses to address the Council in the manner discussed in paragraphs 8.26 and 8.27 above, this will obviate the need for the Chairman to report on the deliberations of the subcommittee in relation to the amendments during the debate, if any, as discussed in paragraphs 8.24 and 8.25 above.

### **Tabling a report in Council and speaking on the report**

8.29 As discussed in paragraph 8.20 above, unlike Bills Committees, there is no requirement in the Rules of Procedure and House Rules for a subcommittee to table its report in Council. However, a subcommittee may do so, if considered necessary by the subcommittee. Past cases of subcommittees on subsidiary legislation/other instruments tabling their respective reports in Council are in *Appendix II*.

8.30 Irrespective of the number of reports made to the House Committee, the subcommittee should present only one report to the Council for Members' easy reference. The report of the subcommittee to the Council should be based on the report of the subcommittee to the House Committee, as detailed in paragraph 8.15 above. However, there is no need to attach the relevant amendments, if any. The report should also contain the following information –

- (a) the date on which the subcommittee's report was presented to the House Committee; and
- (b) any recommendations of the House Committee or relevant points raised at the discussion of the House Committee on the report.

8.31 Under Rule 21(3) of the Rules of Procedure, the Chairman of the subcommittee may, with the permission of the President, address the Council on the report. *[RoP 21(3) and (6), HR 2]*

8.32 The Clerk is responsible for drafting the address.

8.33 After clearance with the Chairman, the Clerk provides an advance copy of the intended address to the President to enable the President to decide whether the address may provoke a debate. *[RoP 21(3) and (6), HR 2]*

8.34 The speaking time limit of 15 minutes does not apply to such an address. *[RoP 36(6)]*

### **Addressing the Council on an item of subsidiary legislation**

8.35 Under Rule 21(5) of the Rules of Procedure, a Member may, with the consent of President, address the Council on an item of subsidiary legislation provided that the scrutiny period of the subsidiary legislation has not expired. *[RoP 21(5) and (6), HR 2]*

8.36 If the address is to be made by the Chairman of a subcommittee, the Clerk is responsible for drafting the address. Some past cases of Chairmen of subcommittees addressing the Council on subsidiary legislation are in *Appendix III*.

8.37 After clearance with the Chairman, the Clerk provides an advance copy of the intended address to the President to enable the President to decide whether the address may provoke a debate. *[RoP 21(5) and (6), HR 2]*

8.38 The speaking time limit of 15 minutes applies to such an address. *[RoP 36(5)]*

## **Adjournment debate**

8.39 There were past occasions where a motion to adjourn the Council under Rule 16(4) of the Rules of Procedure was moved at a Council meeting for the purpose of enabling Members to debate certain issues relating to an item of subsidiary legislation. Details are given in *Appendix IV*.

8.40 Under the Rules of Procedure and the House Rules, the duration of an adjournment debate will be kept within one hour (45 minutes for speeches by Members and 15 minutes for replies by Government Officials) unless extended by the President. The proposer of an adjournment debate is entitled to a minimum of five minutes' speaking time. [*RoP 16(4), (6) and (7), HR 18*]

8.41 The subject matter and scope of an adjournment debate must be specified at the time of application. The Member concerned must not subsequently seek to change the subject matter of the debate. [*HR 18*]
