(Attn.: Mr. Stephen Lam)

Dear Mr. Lam,

Re : Air Pollution Control (Volatile Organic Compounds) Regulation

I refer to your letter of 22nd December 2006.

For a pure “container”, the label affixed thereon will have complied with the requirement of sub-section 4(1)(b). However, if the said “container” is supplied in “packaging” as you pointed out, then the situation will be dealt with under sub-section 4(1)(a) instead.

Yours faithfully,

(SHIU Lik-king)
for Director of Environmental Protection
