Legislative Council Panel on Education

Small class teaching

Thank you for the letter from the Private Secretary to Chief Executive dated 22 February 2007 on your behalf.

The Panel on Education revisited the subject of small class teaching at its meeting on 16 April 2007. Members note your pledge in the election platform to study the timetable for implementation of small class teaching. At the Question and Answer Session for members of the Election Committee held on 1 March 2007, you had undertaken to implement gradually small class teaching in five years, if elected the Chief Executive for the Third Term.

Members of the Panel have asked me to seek information from you on the Administration's timetable for implementing small class teaching to honour your election pledge.

I look forward to your early reply.

(Jasper TSANG Yok-sing)
Chairman
Legislative Council Panel on Education
