Subject written submissions review on PSB

attn.: Clerk to Panel on Information Technology & Broadcasting, Legislative Council Secretariat

Dear Madam/Sir,

With regard to the invitation for submissions on the review of PSB, I am sending my comments as follows:

firstly, I wonder whether the structure and funding of the proposed new organisation can take into account the example of other non-profit making institutions in HK. For example, the oldest university in HK is non-profit making, partly funded by the HK govt., has its board members.

secondly, I am a fan of 鏗鏘集, 警訊, 發酵的男人. I really hope that these programmes continue to exist under the new structure.

Thank you for your attention.
