LegCo Panel on Planning, Lands and Works

Prof. Patrick Lau Sau Shing, SBS, JP
Deputy Chairman
LegCo Panel on Planning, Lands and Works.

Dear Sirs,

Lantau Concept Plan

I have just read a letter sent to you by the Green Lantau Association and I would like to express my total support for the views and recommendations put forward in that letter.

Green Lantau & Living Islands Movement are hugely committed to finding the right direction to take the future of Lantau for all islanders. I would urge you to listen to their ideas. As a Lantau resident, I am in total support of the views of both groups, as are a huge number of people on this island. The majority of incomers to the island are utterly committed to the preservation of Lantau's environment & future Eco-Tourism, not manmade tourist attractions imposed on our island.. Lantau already has the core elements for a successful tourist attraction, all these need are *sensitive & skilled* enhancement.

I would like to see a comprehensive conservation plan, conducted with thorough consultation with all Lantau social & conservation groups before one can propose development plan!

Please halt this present proposal, instead please ask Lantau people, we have ideas, we care deeply about the future of our island.

Yours sincerely

Tania Willis
