Subject Lantau Ferry Services

Dear Legco Panel members,

As a ferry user for twenty years I wish to express my opinion on the forthcoming new arrangements for the service.

I feel that the HK Gov. should buy out the fleet of ferries, pay for their annual maintenance and allow NWFF to operate the boats. As things stand there is nothing to stop NWFF from selling the fleet to a company outside of HK, leaving us islanders without transport!

Government ownership would also allow a greater say on the scheduling of the service. In addition, the fuel surcharge should be dropped from the operating costs of the ferry, that the company might make a larger profit. I do not believe that they are operating at a loss.

Regards

N J Sousa
