

Panel on Transport

List of outstanding items for discussion
(position as at 21 November 2006)

**Proposed timing
for discussion**

- | | |
|---|----------------------|
| <p>1. Improvement to Tung Chung Road between Lung Tseng Tau and Cheung Sha</p> <p>Proposed by the Administration. The Administration plans to consult the Panel on the increase in approved project estimate for this project.</p> | <p>December 2006</p> |
| <p>2. Measures to combat drink driving</p> <p>At the Panel meeting on 23 June 2006, the Administration was requested to review the existing legislation and measures against drink driving. The Administration undertook to report in December 2006 on the results of the review, and to put forth specific proposals for combating drink driving.</p> | <p>December 2006</p> |
| <p>3. Traffic and transport arrangements for the commissioning of Hong Kong – Shenzhen Western Corridor and Sheung Shui to Lok Ma Chau Spur Line</p> <p>Given the impending commissioning of the Hong Kong-Shenzhen Western Corridor, which will substantially increase the traffic load in Northwest New Territories, the Panel takes the view that the Government should expeditiously formulate corresponding strategies and implement new highway infrastructural projects to alleviate the traffic congestion in Tuen Mun and Yuen Long districts.</p> <p>On the other hand, the Panel notes that various public transport trades are concerned about the public transport arrangements at the new boundary control points at the Hong Kong-Shenzhen Western Corridor and Sheung Shui to Lok Ma Chau Spur Line. Members would like to be briefed on the layout design of the public transport interchanges and the Administration's plan regarding the provision of public transport services at the new boundary control points.</p> | <p>December 2006</p> |

**Proposed timing
for discussion**

At the meeting on 24 October 2006, members expressed the need for the Administration to report on the progress in finalizing regulatory arrangements for cross-boundary vehicles, in particular on whether the cross-boundary vehicle quota would be increased in the long run.

4. Safety of franchised bus operation

January 2007

The issue of safety of franchised bus operation was discussed by the Panel on 24 October 2006. At the meeting, the Panel urged the Administration to update it in three months' time on the progress of the various measures taken to enhance bus safety.

Mr WONG Kwok-hing has also expressed concern that in recent years, with the Kowloon Motor Bus Company (1933) Limited taking the lead, some franchised bus operators have changed the employment terms for their bus drivers to contract terms and in some cases, the contract period only lasts for one year. Mr WONG is concerned that the new employment arrangements would pose immense psychological pressure on bus drivers, which in turn would directly affect the safety of franchised bus operation.

5. Safety of reversing goods vehicles

January 2007

The item was discussed by the Panel on 24 October 2006. At the meeting, the Panel requested the Administration to update it in three months' time on the progress of the various measures to enhance safety of reversing goods vehicles, particularly in exploring the feasibility of requiring goods vehicles to install rear video systems.

6. Review of legislation governing failure to comply with traffic signals

1st Quarter 2007

At the Subcommittee on Proposed Resolutions under the Road Traffic (Driving-offence Points) Ordinance (Cap. 375) and the Fixed Penalty (Criminal Proceedings) Ordinance (Cap. 240), some members suggested and the Administration agreed to review the relevant legislation governing failure to comply with traffic signals after the new penalties had been effected. The Administration aims to complete the review by the end of 2006.

**Proposed timing
for discussion**

- 7. Sha Tin New Town, stage 2 - Trunk Road T4** May 2007
- Proposed by the Administration. The Administration plans to submit a funding application for the construction of the project to the Public Works Subcommittee in June 2007.
- 8. Lok Ma Chau Spur Line Fares** 2nd Quarter 2007
- Proposed by the Administration.
- 9. Route 8 Control Area Bill** To be confirmed
- Proposed by the Administration.
- 10. Measures to rationalize utilization of Build-Operate-Transfer tunnels** To be confirmed
- The item was discussed by the Panel on 19 December 2005. At the meeting on 24 October 2006, members expressed the need for the Administration to report on the progress of efforts made to enhance the utilization of Route 3. The Panel urged the Administration to speed up the work to improve the distribution of traffic among the three road harbour crossings and enhance the utilization of Route 3, including the discussions with the operators of the Eastern Harbour Crossing, Western Harbour Crossing and Route 3.
- 11. Exemption from regulation 53(2) of the Road Traffic (Traffic Control) Regulations (Cap. 374 sub. leg. G) for vehicles used for canvassing activities** To be confirmed
- At the Subcommittee to Study Four Items of Subsidiary Legislation under the Road Traffic Ordinance, some members of the Subcommittee considered that the Administration should take a broader view and the proposed Amendment Regulations should aim at facilitating not only the float parades to be held at the Hong Kong Disneyland but also canvassing activities during elections. The Administration was of the view that the safety requirements for standing passengers on such vehicles went beyond the ambit of the then legislative amendments, but the Administration undertook to separately examine this

**Proposed timing
for discussion**

proposal in detail.

- 12. Legislative amendments relating to lighting, reflectors and markings of vehicles** To be confirmed

The Administration expects that the draft legislation will be ready within the 2006-07 legislative session. It will consult the Panel before the legislation is tabled at LegCo for negative vetting.

- 13. Measures to regulate taxi operation** To be confirmed

Proposed by the Chairman. In recognition that the present difficult business environment of taxis is partly attributed to the discounts offered by some taxi drivers, the Chairman sees a need for the Administration to actively map out measures to tackle the malpractice and to review the present taxi fare level.

- 14. Northwest New Territories Traffic and Infrastructure Review** To be confirmed

The item was discussed on 22 April 2005. Members noted the merits of different packages of highway projects and urged the Administration for timely delivery of the highway projects.

- 15. Impact of Ngong Ping Skyrail on New Lantao Bus Company** To be confirmed

This item is proposed by Mr Albert CHAN. At the meeting on 12 October 2006, Mr CHAN highlighted the urgent need for the Panel to discuss the Ngong Ping Skyrail project as a transport issue in consideration of the impact of its operation on the commercial viability of the New Lantao Bus Company Ltd. and hence the sustainability of bus services to the travelling public on Lantau Island.

(Note: The Administration has pointed out that the Ngong Ping Skyrail commenced operation in September 2006, its impact on the New Lantao Bus Company (1973) Ltd. will only become stabilized at a later stage. Moreover, the Company needs time to ascertain its services and financial position before mapping out any necessary changes to its operation. The Administration suggests confirming the timing of discussion at a later stage.)

**Proposed timing
for discussion**

16. Private Driving Instructor's Licences

At the meeting on 24 February 2006, when the captioned subject was discussed, the Panel agreed to revisit the subject matter, pending the biennial review to be carried out by the Administration in early 2007 to determine if there was a need to issue new private driving instructor's (PDI) licences. The Administration was also urged to consider reviewing the grouping of PDIs in the context of the review and revert to the Panel.

The Administration will provide an information paper to brief members on the related matters

17. Alignment for North Lantau Highway Connection and update on Hong Kong - Zhuhai - Macao Bridge

The Administration plans to brief the Panel on the latest development in the planning of the North Lantau Highway Connection and the progress update of the planning and implementation of Hong Kong – Zhuhai – Macao Bridge including the construction cost, financial arrangements, toll determination mechanism and traffic flow projections etc.

The Administration will provide an information paper to brief members on the related matters

18. Review of legislation governing the use of electrically powered two-wheeled transporter or bicycle

Proposed by Mr Albert Jinghan CHENG.

The Administration will provide an information paper to brief members on the related matters

**Proposed timing
for discussion**

19. Progress in implementing recommendations of the Task Force on Emergency Transport Coordination (Task Force)

The Task Force appointed by the Administration following the serious traffic congestion in Kowloon on 9 May 2005 has mapped out 56 recommendations to refine and align the crisis management arrangements, enhance communication and coordination both within and between departments, harness advanced technologies for better traffic management, and take all possible steps to disseminate traffic information to the public in a timely manner.

Mr WONG Kwok-hing proposed to discuss the dissemination of real-time information on major traffic incidents through various means such as the mobile network, in particular the progress of the discussion among the Transport Department (TD), the mobile network operators, the Wireless Development Centre and the Office of the Government Chief Information Officer on arrangements to disseminate real-time traffic information captured by TD's closed-circuit television systems to mobile phone users.

In August 2006, the Administration provided an information paper (LC Paper No. CB(1) 2112/05-06(01), setting out the progress of the plan to implement the recommendations put forth by the Task Force.

As an information paper was already provided to the Panel in August 2006, members may wish to consider whether there is a need to discuss the item at a separate meeting
