

## Panel on Transport

### Subcommittee on Matters Relating to Railways

#### List of follow-up actions

(position as at 13 November 2006)

Subject	Date of meeting	Follow-up action required	Latest position / Administration's response
1. Non-stopping of an East Rail (ER) train at Tai Wo Station on 28 April 2005	13.6.05	The Kowloon-Canton Railway Corporation (KCRC) to provide a performance report on the Automatic Train Operation (ATO) system of ER.	The ATO system has been modified and resumed operation in early August following the ER underframe equipment mounting problem. KCRC will monitor the performance of the modified ATO system in the coming months and then provide a report.
2. Guangzhou-Shenzhen-Hong Kong Express Rail Link (ERL) and Northern Link	21.4.06	The Administration to provide- (a) information on the alignment options which had been considered in respect of Dedicated Corridor Option together with a comparison on the different alignments; (b) information on passenger demands and construction costs for ERL; (c) a passenger profile for ERL, the types of transport modes used by passengers to access ERL and a comparison on the pros and cons of the provision of terminus at Chau Tau and West	Relevant information will be provided in due course.

		<p>Kowloon;</p> <p>(d) the projected passenger demand for West Rail services following the provision of rail links with ER; and</p> <p>(e) the number of jobs which would be created by the Northern Link project.</p>
