During the discussion on the concluding observations adopted by the United Nations Committee on Economic, Social and Cultural Rights on the Second Report of the Hong Kong Special Administrative Region under the International Covenant on Economic, Social and Cultural Rights by the Panel on Home Affairs on 21 June 2005, the Equal Opportunities Commission (EOC) recommended that a mental health council should be established to coordinate policy formulation, programme delivery, research and public education in the area of mental health, and to safeguard the rights of people with mental illness.

At the Panel on Home Affairs meeting of 10 March 2006, EOC noted the Government's position that there was no strong need for the establishment of a Mental Health Council. EOC therefore urged the Government to formulate a more comprehensive strategy on mental health in consultation with stakeholders under the current Review of Hong Kong Rehabilitation Programme Plan.

The Rehabilitation Programme Plan Review Working Group did not see the need of setting up a Mental Health Council, but agreed that mental health is an important issue which must be addressed.
