At the Panel meeting on 13 October 2006, the Panel was advised that the Administration would study the feasibility of setting up a Family Commission. At the Panel on Home Affairs meeting of 8 December 2006 when the proposal to discuss the establishment of a Commission on Children was raised, members agreed with the Administration's suggestion that the issue should be followed up by the Panel on Welfare Services in the context of the proposed establishment of a Family Commission. Members of the Panel on Home Affairs will be invited to the future meeting of the Panel if the issue is discussed.

To be decided

The subject had originally been scheduled for discussion by the Panel at the meeting in April 2007. At the request of the Administration, discussion on the item would be deferred to a future meeting.

**12. Support services for young drug abusers**

Item proposed by Dr Hon KWOK Ka-ki at the meeting on 12 October 2006. Dr KWOK suggested that deputations, particularly frontline social workers, should be invited to give views to the Panel when the matter was discussed.

To be decided

At the Panel meeting on 12 February 2007, members noted that the Panel on Security had discussed the latest drug abuse situation and anti-drug strategies at its meeting on 6 February 2007 and members of the Panel on Welfare Services had been invited to join the discussion. However, in view of the problem of cross-border drug abuse involving young abusers was becoming serious, members considered that the Panel should discuss the matter further focusing on the support and services provided by Social Welfare Department (SWD) and social welfare agencies for young abusers.

**Proposed timing for discussion**

The Administration has advised that the SWD works for the Security Bureau (SB) to provide preventive and rehabilitative services dedicated to drug abusers through non-medical voluntary drug treatment and rehabilitation centres (DTRCs), counselling centres for psychotropic substance abusers, social clubs and halfway houses for discharges from DTRCs. On the other hand, SWD works for the Health, Welfare and Food Bureau for general welfare services to all needy youth, including drug abusers, through for example services at the Integrated Children and Youth Services Centres, outreaching work for youth at risks and probation services for offenders.

As the issue of drug abuses is under the policy purview of SB, the Administration suggested that it would be more appropriate to further discuss the subject at a joint Panel meeting of the Panel on Security and the Panel on Welfare Services.

**13. Subsidy arrangements for residential care services for frail elders**

The Administration aims to report progress on the work relating to the feasibility of developing the proposed Fee Assistance Scheme for residential care services for frail elders, taking into account the suggestion of establishing a separate financial assistance scheme for elders and other views expressed by members on the matter on 12 May 2003.

**14. Establishing formal arrangements on adoption with the Mainland**

At the request of the Bills Committee on Adoption (Amendment) Bill 2003, the Administration undertook to study the need to establish formal arrangements on adoption with the Mainland and consult the relevant Panels in due course.

To be decided

The Administration has raised this with the Ministry of Civil Affairs (MCA). The Central People's Government (CPG) has already put in place legislation and mechanism to handle adoption of Mainland children by Hong Kong people. As regards adoption of children in Hong Kong by Mainlanders, the CPG does not see an urgent need for it at the moment because there is little demand, according to the MCA. The CPG may however consider adoption by close relatives on a case-by-case basis. The Administration will continue to liaise with the CPG.

**15. Incorporating the posts of programme assistant, youth ambassador, peer counsellor and other similar temporary frontline posts into the staff establishment of the subvented organisations providing welfare services**

In 2007-2008, 3 073 out of 3 836 temporary jobs under SWD's schedule are retained. Of these, 1 383 posts are regularised while 1 690 positions are extended for one year.
