During the discussion on the concluding observations adopted by the United Nations Committee on Economic, Social and Cultural Rights on the Second Report of the Hong Kong Special Administrative Region under the International Covenant on Economic, Social and Cultural Rights by the Panel on Home Affairs on 21 June 2005, the Equal Opportunities Commission (EOC) recommended that a mental health council should be established to coordinate policy formulation, programme delivery, research and public education in the area of mental health, and to safeguard the rights of people with mental illness.

At the Panel on Home Affairs meeting of 10 March 2006, EOC noted the Government's position that there was no strong need for the establishment of a Mental Health Council. EOC therefore urged the Government to formulate a more comprehensive strategy on mental health in consultation with stakeholders under the current Review of Hong Kong Rehabilitation Programme Plan.

The Panel may wish to follow up the above subject matter when the Administration reverts to the Panel in the review results.

At the request of the Bills Committee on Adoption (Amendment) Bill 2003, the Administration undertook to study the need to establish formal arrangements on adoption with the Mainland and consult the relevant Panels in due course.

To be decided

The Administration has raised this with the Ministry of Civil Affairs (MCA). The Central People's Government (CPG) has already put in place legislation and mechanism to handle adoption of Mainland children by Hong Kong people. As regards adoption of children in Hong Kong by Mainlanders, the CPG does not see an urgent need for it at the moment because there is little demand, according to the MCA.
