

**Bills Committee on  
Air Pollution Control (Amendment) Bill 2008**

**List of follow-up actions arising from the discussion  
at the meeting on 6 May 2008**

- (1) To seriously re-consider including carbon dioxide in item (a) of the long title of the Bill and in the definition of “specified pollutant” under clause 2 of the Bill. To also relay to the Secretary for the Environment members’ request for his attendance at a forthcoming Bills Committee meeting to discuss the proposed inclusion.
- (2) To collect information on the changes in fuel mix and total emissions per unit of electricity generated in other countries, particularly Germany, Spain and Denmark, over the past and next decade and how these compare with that of Hong Kong.
- (3) To advise the changes in emission of the three specified pollutants from 1997 to 2010.
