Dear sirs

Re : The Legislative Council of the Hong Kong Special Administrative Region  
Bills Committee on Revenue Bill 2008

The Society of Chinese Accountants and Auditors ("SCAA"), the accounting association with the longest history in China, was established in 1913. Our members are practicing accountants representing a significant majority of CPA firms in Hong Kong. Throughout the years, SCAA has been playing an important role of a 3-way bridge for the Government, the business community and the accounting profession.

With reference to the above matter, we wish to support the Revenue Bill 2008 which was introduced into the Council on 7 May 2008 as it will help to enhance the Hong Kong economic competitiveness in the region, to relief the burden of the citizen at large, to raise the incentive for charitable donations and to promote the environment protection scheme.

Yours faithfully

Yeung Chi-wai, Edwin  
President
