(a) reducing the duty on light diesel oil which complied with the Euro V Standard (Euro V diesel) from \$1.1 per litre to a concessionary rate of \$0.56 per litre from 1 December 2007 to 30 November 2009; and

(b) including the technical specifications of Euro V diesel.

29. The Chairman added that the Panel on Environmental Affairs (EA Panel) was briefed on the proposal at its meeting on 22 October 2007. Members had raised various issues of concern, including the import price difference between ultra-low sulphur diesel and Euro V diesel, the measures which the Administration would take to ensure that the concession would benefit the drivers direct, and whether there would be sufficient supply of Euro V diesel for the market. At members' request, the Administration provided supplementary information after the meeting, which showed that the import price difference between ultra-low sulphur diesel and Euro V diesel was \$0.1.

up the issues raised by the EA Panel, Ms Audrey EU, Chairman of the Panel, had agreed to convene a special meeting to meet with the relevant trades and the Administration to further study the measures to promote the use of more environmental-friendly fuels, with particular reference to the promotion of the use of Euro V diesel.

*(LC Paper No. CB(1) 154/07-08)*

36. Mr SIN Chung-kai, Chairman of the Bills Committee, referred Members to the Bills Committee's report for details of its deliberations.

Action

37. Mr SIN explained that the Bill sought to amend the Patents Ordinance to implement the Protocol Amending the Agreement on Trade-Related Aspects of Intellectual Property Rights of the World Trade Organization (WTO) to be ratified by WTO Members. The Protocol was meant for helping WTO Members, in particular the developing and least-developed economies, to gain access to generic versions of patented drugs to deal with public health problems.

38. Mr SIN reported that the Bills Committee supported the policy intent of the Bill and considered it appropriate to amend the Patents Ordinance to allow Hong Kong to discharge its role as a responsible member of the WTO in concert with the international community. He highlighted the various issues of concern raised by members during the scrutiny of the Bill, including express reference to the decision of the General Council of the WTO, declaration of extreme urgency, granting of import/export compulsory licences, termination of licences, handling of disputes regarding import/export compulsory licences by the court, the 28-day period for seeking court review, remuneration for the proprietor of the patent and disposal of the remaining stocks of imported pharmaceutical products. The Administration had taken on board members' views and would move Committee Stage amendments (CSAs) accordingly.

39. Mr SIN further said that the Bills Committee supported the resumption of the Second Reading debate on the Bill on 21 November 2007.

40. The Chairman reminded Members that the deadline for giving notice of CSAs was Monday, 12 November 2007.

---

*(LC Paper No. CB(2) 193/07-08)*

41. Miss CHOY So-yuk, Chairman of the Bills Committee, said that the Bills Committee had held four meetings and completed scrutiny of the Bill.

42. Miss CHOY referred Members to the Bills Committee's report, and highlighted the focus of the deliberations of the Bills Committee on the issues of the scope of "income source", arrangements for the existing attachment of income orders issued to the Government and validation of attachment of income orders issued before the commencement of the Amendment Ordinance. The Administration had taken on board members' suggestions and would propose CSAs accordingly to amend the validation provision and add a transitional provision.

Action

43. Miss CHOY further said that the Bills Committee supported the resumption of the Second Reading debate on the Bill on 14 November 2007 and the CSAs to be moved by the Administration.

44. The Chairman reminded Members that the deadline for giving notice of CSAs was Monday, 5 November 2007.

(c) **Report of the Subcommittee on Building Management (Third Party Risks Insurance) Regulation**  
*(LC Paper No. CB(2) 207/07-08)*

45. Mr James TO, Chairman of the Subcommittee, said that the object of the Regulation was to implement the new provision in the Building Management Ordinance, as introduced by the Building Management (Amendment) Ordinance 2000, requiring all owners' corporations (OCs) to procure a policy of third party risks insurance in relation to the common parts of a building.

46. Mr TO reported that the Subcommittee had held four meetings and met with representatives of the Hong Kong Federation of Insurers and the Hong Kong Association of Property Management Companies Limited. The Subcommittee had also received written views from professional and property management-related bodies. The issues discussed by the Subcommittee included the proposed statutory minimum insurance coverage of \$10 million, insurance coverage of unauthorised building works, obligation to procure insurance, anti-avoidance provision and penalty for failure to display a notice of insurance.

47. Mr TO highlighted a number of issues of particular concern to the Subcommittee. Members had expressed concern about the financial burden of the insurance premium on owners of buildings with a small number of units. In view of members' concern, the Administration had agreed to consider deferring the target implementation date of the new requirement of mandatory third party risks insurance on 1 January 2009, if it was anticipated that the owners of these buildings had great difficulties in complying with the mandatory requirement.

48. Mr TO further said that members had also expressed concern about section 6(3) and (4) of the Regulation under which an insurance company could refuse to pay compensation to third parties under the mandatory insurance policy of an OC on the ground that the OC concerned had not exercised reasonable diligence to keep the building concerned in good condition and maintenance, which might result in delay for third parties to receive judgment compensation. To address members' concern, the Administration had agreed to repeal the relevant provisions with the effect that an insurance company would be required to settle the judgment compensation to the injured third

Action

party under all circumstances up to the policy amount, and might recover the amount so paid from the OC afterwards in cases where the OC had not exercised reasonable diligence.

49. Mr TO also said that another issue of concern to the Subcommittee was the proposed level of fine for failure to display a notice of insurance in a prominent place in the building to which the insurance policy related. Having considered members' views, the Administration had agreed to move an amendment to lower the level of the fine from \$5,000 to \$2,000.

50. Mr TO added that as the deadline for giving notice of amendment to the Regulation was 31 October 2007, he had given notice to move a motion to repeal the Regulation so as to safeguard Members' right to raise objection to the Regulation. Should Members raise no objection to the Regulation and the proposed amendments to be moved by the Administration, he would withdraw the notice.

51. As Members did not raise any objection to the Regulation, Mr TO said that he would withdraw the notice.

**(d) Report of the Subcommittee on Merchant Shipping (Prevention of Air Pollution) Regulation**

*(LC Paper No. CB(1) 153/07-08)*

52. The Chairman, in her capacity as Chairman of the Subcommittee, said that the purpose of the Regulation was to implement the requirements of Annex VI to the MARPOL Convention adopted by the International Maritime Organization to bring vessel emission standards in Hong Kong on par with international standards.

53. The Chairman reported that the Subcommittee supported the Regulation in principle. During the scrutiny of the Regulation, members had urged the Administration to examine the feasibility of tightening the emission standards on sulphur oxide for local vessels in the long run having regard to local circumstances. As members had identified a number of issues relating to the policies and measures for improving the overall air quality in Hong Kong, the Subcommittee considered it advisable for these issues to be followed up by the EA Panel as appropriate.

54. The Chairman further said that the Subcommittee raised no objection to the Regulation. Some members had indicated that they would address the Council on the Regulation at the Council meeting on 7 November 2007.

**VII. Position on Bills Committees and subcommittees**

*(LC Paper No. CB(2) 192/07-08)*

55. The Chairman said that there were 11 Bills Committees and eight subcommittees under the House Committee in action.

**VIII. Election of Members of The Legislative Council Commission**

*(LC Paper No. AS 46/07-08)*

56. The Chairman said that The Legislative Council Commission Ordinance (Cap. 443) provided that the membership of the Commission included the President of LegCo, the Chairman and the Deputy Chairman of the House Committee, and not more than 10 other members elected by and from amongst LegCo Members.

57. The Chairman further said that eight nominations for election to The Legislative Council Commission had been received by the deadline of 27 October 2007. The Chairman asked whether there were any further nominations.

58. Ms Emily LAU nominated Mr LEE Cheuk-yan and the nomination was seconded by Ms LI Fung-ying. Mr LEE accepted the nomination.

59. There being no other nomination, the Chairman declared that the following nine Members were elected members of The Legislative Council Commission –
