6 November 2007

Hon. Audrey Eu Yuet-mee, SC, JP
Chairman of Panel on Environmental Affairs (EA Panel)

Legislative Council Secretariat
Legislative Council Building
8 Jackson Road, Central
Hong Kong

**RE: Request of a meeting to discuss outstanding issues in relation to
CLP's proposed LNG Receiving Terminal at South Soko**

Dear Audrey,

During the EA Panel meeting on 20 July 2007, Members of the Panel requested the Government to reveal the outcome of the consultancy study on the Liquefied Natural Gas (LNG) reserves of the Yacheng Gas Field in mainland China.

At Members' request, the Deputy Director of Environmental Protection *"undertook to check the progress of the consultancy study, including the consultants engaged, expected date of completion of the report and whether the outcome could be disclosed to the public."*

As the Environment Bureau is likely to make a decision on CLP's financial plan for the LNG Terminal proposal in the very near future, WWF is requesting the EA Panel to call a meeting soon and discuss the status and findings of the consultancy study. With the involvement of Legco in the process, we hope a level of transparency, albeit limited, is allowed in course of evaluation of the natural gas supply options available to Hong Kong.
