Dear Chairman,

Proposed private bill for amendments to
The Hong Kong University of Science and Technology Ordinance

I would like to express my intention in proposing a private bill to make amendments to the Hong Kong University of Science and Technology Ordinance. I sincerely hope that you would consider including the relevant discussion item into the agenda of the next forthcoming regular meeting, i.e. 8 May 2008.

The draft bill and briefing document are now under preparation by the University and should be provided for your consideration when available.

Thank you for your attention. I am looking forward to your favourable reply.

Best Regards,

Abraham Shek Lai-him
