20 July 2007, the Chairman further proposed that to tackle the problem of "taxi discount gangs", the relevant legislation should be amended to stipulate the payment of legal fares recorded on the taximeters, and to lower the fees charged for trips over ten kilometres long. At his request to consider his proposal and decide on a solution of the problem, and to report the solution decided upon to the Panel by the end of 2007, the Administration agreed to share with the Panel within a few months the progress of the review on taxi operations it had invited the Transport Advisory Committee to conduct.

6. Central Kowloon Route

May 2008

Proposed by the Administration. The Finance Committee requested the Administration at its meeting on 7 February 2007 to report back to the Panel within the 2007-2008 session the progress of the consultancy study of this highway project.

7. Safety of reversing goods vehicle

2nd quarter 2008

Proposed by the Chairman. Last discussed at the meetings on 24 October 2006 and 25 May 2007. The Chairman would like to follow up progress in this regard after the two meetings.

8. Measures to rationalize utilization of Build-Operate-Transfer tunnels

2nd Quarter 2008

The item in general was discussed by the Panel on 19 December 2005 and 24 October 2006. At the meeting on 24 October 2006, the Panel urged the Administration to speed up the work to improve the distribution of traffic among the three road harbour crossings, including the discussions with the operators of the Eastern Harbour Crossing and Western Harbour Crossing. The progress of efforts made to enhance the utilization of Route 3 was subsequently discussed at the meeting on 5 May 2007. The item on "Measures to rationalize utilization of the three road harbour crossings" was scheduled for the meeting on 20 July 2007 but was subsequently deferred.

9. Licensed ferry services in Hong Kong

To be confirmed

When the item was last discussed at the meeting on 20 July 2007, members saw a need for the Administration to revert to the Panel before the end of 2007 on the fare increase application by Star Ferry.

10. PWP Item 6819TH - Traffic improvements to Tuen Mun Road Town Centre section

To be confirmed

Proposed by the Administration. Timing of discussion is subject to the objection handling progress of the gazetted road scheme.

11. Progress update on bus-bus interchange scheme

To be confirmed

Proposed by Mr LEE Wing-tat. According to Mr LEE, progress in bus-bus interchange scheme seems to have come to a standstill.

12. Sha Tin New Town, stage 2 - Trunk Road T4

To be confirmed

Proposed by the Administration. The Traffic and Transport Committee of Sha Tin District Council passed a motion requesting CEDD to put on hold the project until after the commissioning of Trunk Road T3 and Route 8. Subject to the actual traffic need and flow at that time, consideration may be given to reopen the issue.

13. Review of public light bus operations

To be confirmed

Proposed by Mr Albert CHAN. In consideration of the recent media reports on triad infiltration in public light bus operations, Mr CHAN would like to review with the Administration measures to tackle the problem and other monitoring issues relating to red minibus (RMB) operations, as well as the progress of work in respect of the conversion of RMB to green minibus operations. When this item is discussed, members may wish to refer to the report of the study entitled "Strategic Review of Public Light Buses in Hong Kong" circulated to members vide LC Paper No. CB(1)1983/06-07 on 25 June 2007.

14. Design of control boxes attached to traffic light poles at pedestrian crossings

Proposed by Mr WONG Kwok-hing. He would like the Administration to conduct an overall review of the design of control boxes attached to traffic light poles and electronic audible traffic signal installations at pedestrian crossings. He also calls on the Administration to adopt a standardized design of such facilities to facilitate use by persons with disabilities.

At the meeting on 30 October 2007, members agreed that in the paper to be prepared for this item, the Administration should also address public concerns about the Transport Department's plan to demolish the countdown devices presently installed at pedestrian crossings of 15 locations.

The Administration will provide an information paper to brief members on the related matters

15. Exemption from regulation 53(2) of the Road Traffic (Traffic Control) Regulations (Cap. 374 sub. leg. G) for vehicles used for canvassing activities

At the Subcommittee to Study Four Items of Subsidiary Legislation under the Road Traffic Ordinance, some members of the Subcommittee considered that the Administration should take a broader view and the proposed Amendment Regulations should aim at facilitating not only the float parades to be held at the Hong Kong Disneyland but also canvassing activities during elections. The Administration was of the view that the safety requirements for standing passengers on such vehicles went beyond the ambit of the then legislative amendments, but the Administration undertook to separately examine this proposal in detail.

The Administration will provide an information paper to brief members on the related matters

16. Legislative amendments relating to lighting, reflectors and markings of vehicles

Drafting of the legislative amendments is underway. The Administration will consult the Panel before the legislation is tabled at LegCo for negative vetting.

The Administration will provide an information paper to brief members on the related matters

**Proposed timing
for discussion**

17. Measures to enhance the safety awareness of pedestrians

Proposed by Mr WONG Kwok-hing to highlight the importance of preventing traffic accidents arising from pedestrians listening to MP3 while crossing the road. In this regard, Mr WONG would like to know whether the Transport Department has collected any statistics on such traffic accidents.

The Administration will provide an information paper to brief members on the related matters
